Dear Licensee:

This refers to the above-mentioned application dated November 20, 2018, requesting authority to operate at variance. You indicate that WLGA is in the process of completing construction of the DTS system authorized per DTS CP. This STA requests temporary operation of the DTS Site #1 transmitter, transmission line, and antenna for DTS Site #1 using the operational parameters identified in the DTS CP. Insufficient resources and equipment will not permit any operation of Site #2 by the Phase 1 target date. You mentioned that upon grant of the instant request, WLGA will timely transition from the present existing RF channel 30 to RF channel 17 during the prescribed Phase 1 transition.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1615 and 73.1635 of the Commission's Rules. This authorization expires on **May 29, 2019**.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is written over a horizontal line.
