Dear Licensee:

This refers to the above application dated November 20, 2018 requesting special temporary authority to remain silent. You indicate that Digital Replacement Translator (DRT) at Johnstown, PA, seeks to advise that the DRT facility temporarily discontinued operations to prevent mutual, co-channel interference with the recently completed WTAE-TV Pittsburgh, PA early transition to channel 27. You mentioned that Pittsburgh Television Station WPCW Inc. has commenced efforts to construct a newly authorized WPCW DRT on channel 30.

In light of the above, special temporary authority IS GRANTED pursuant to Sections 73.1740 of the Commission's Rules. This authorization expires on May 23, 2019

During this period of discontinued operation, you are directed to pay strict attention to Section 73.1740 (a) (4). That is, you must continue to adhere to the requirements in your station license pertaining to the lighting of antenna structures.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

Kevin R. Harding
