Re: WOLE-DT
0000064516
Puerto Rico, PR
Facility ID: 71725

Dear Licensee:

This is in response to your request for special temporary authority (STA) to operate a digital facility for station WOLE-DT. Specifically, you propose to operate with facilities less than those authorized to you by a license, construction permit or proposed in a pending construction permit application due to a lease dispute at WOLE-DT's current site. You have indicated that you will afford the requisite coverage to the city of license with the requested facilities.

After a thorough review of your technical specifications, we are persuaded that no interference is likely to occur from the proposed operation. If problems do arise, we expect them to be solved expeditiously and the Bureau reserves the right to require termination of the operation. We therefore conclude that the public interest would be served by the grant of this request. However, in view of the station's operational status, having been off the air for a substantial period of time and not operating as authorized, we do not anticipate extending this STA authority.

With respect to radio frequency radiation (RFR), we expect compliance with Section 1.1307(b) of the Commission's Rules to be achieved.

Accordingly, the request for special temporary authority IS GRANTED subject to the technical parameters and conditions specified below.

Technical Parameters:

3. Hours of operation of this facility will be in accordance with Section 73.624(b) of the Commission's Rules

Sincerely,

A handwritten signature in black ink that reads "Kevin R. Harding". The signature is written in a cursive style with a large, sweeping "K" and a long, trailing flourish at the end.

Kevin R. Harding
