Dear Licensee:

This refers to your request dated December 19, 2018, requesting further extension of your authority so that WUJA-DT may continue its operations while licensee awaits the delivery and installation of its new tower. You indicate that a structural study of the WUJA-DT tower and the damage from Hurricane Maria, revealed that the tower needed to be replaced. Licensee ordered a new tower with an estimated six months delivery to Puerto Rico. Once the new tower is received, licensee will install and transition the Station operations to the new tower.

In light of the above, special temporary authority is **GRANTED** pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **July 5, 2019**.

Once again, we wish to point out that any request for further extension of this authority must include your reasons for extension and a detailed description of steps being taken to return the station to a fully operational facility.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
