Dear Licensee:

This refers to your request dated March 12, 2019, for special temporary authority (STA) to operate at variance. You indicate the purpose of this application is to replace your existing auxiliary channel 39 antenna with a new RFS SBB-EPD-24C170 broadband antenna to be used initially as a channel 39 auxiliary antenna, and then to be licensed as the auxiliary antenna for KAZD channel 31 post auction. You mentioned that once the pre-auction STA facility is completed and ready for operation, the applicant proposes to transfer channel 39 pre-auction broadcasting to the STA facility on channel 39. At that time KAZD will remove its main channel 39 antenna to be replaced with its authorized main channel 31 antenna.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **September 27, 2019**.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
