Dear Licensee:

This refers to the above-mentioned application dated February 26, 2019, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the instant STA requests to operate KLBY at half power due to problems with the transmitter. You mentioned that the reduced-power STA engineering request is necessary while the licensee repairs the transmitter in order to return to full power.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **September 7, 2019**.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in black ink, reading "Kevin R. Harding", is positioned above the typed name.
