Dear Licensee:

This is in response to the above application dated March 4, 2019, for special temporary authority (STA), requesting further extension of your authority to continue operations on your assigned channel 17 from a nearby site located 0.74 miles NE of the licensed WVEO (DT). You mentioned that the WVEO(TV) licensed site was severely damaged and its antenna and tower were destroyed by Hurricane Maria. The licensed site owner has not yet repaired the tower, and WVEO(TV) is currently operating from a nearby site, pursuant to an STA that expires March 4, 2019 using a PSI PSILP8BC antenna with an ERP of 34.3 kW.

Upon review of your extension request, it is evident your efforts are directed toward enhancing the operating efficiency of WVEO (TV). Accordingly, pursuant to sections 73.1560 (d) and 73.1635 of the commission's Rules special temporary authority to operate at variance is **EXTENDED until September 11, 2019.**

Once again, we wish to point out that any request for further extension of this authority must include your reasons for extension and a detailed description of steps being taken to return the station to a fully operational facility.

Sincerely,

Kevin R. Harding
