Dear Licensee:

This is in response to the above application filed on May 28, 2019, for special temporary authority (STA) to operate at variance. You indicate that WYCI (DT) (formerly WNMN) has been off the air pending the construction of its post-Incentive Auction channel facilities. Construction of the primary broadcast site (Site 1) of the DTS has been hampered by winter weather. You mentioned that licensee was able to construct the Site 2 facility, and thus requests to operate at variance using only the broadcast transmission facilities at DTS Site 2 until the DTS Site 1 facilities can be constructed.

In light of the above, special temporary authority is **GRANTED** pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **December 6, 2019**.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is stylized with a large, sweeping "K" and a long, trailing "g".
