In Re: Special Temporary Authority
For Station WCCB
Charlotte, North Carolina
Application File No. 0000080348
Fac Id: 49157

Dear Licensee:

This is in reference to your August 15, 2019 request seeking special temporary authority (STA) to operate TV station WCCB, Charlotte, NC, on its post-transition channel using an omnidirectional antenna while the station's new side-mounted antenna is installed and made operational. The proposed STA facility will result in a slightly larger coverage area towards the southeast.

After a thorough review of your technical specifications, we are persuaded that no interference is likely to occur from the proposed operation. We therefore conclude that the public interest would be served by the grant of this request. If problems do arise, we expect them to be solved expeditiously and the Bureau reserves the right to require the termination of the operation.

With respect to radio frequency radiation (RFR), we expect compliance with Section 1.1307(b) of the Commission's Rules to be achieved.

In light of the above, special temporary authority IS GRANTED pursuant to Section 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **January 16, 2020**.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin R. Harding", is written over a large, stylized "H" that serves as a background for the signature.
