Re: Request for Tolling
WFUT-DT, Newark, NJ
Facility ID No. 60555
LMS File No. 118331

Dear Licensee,

On July 23, 2020, Univision New York, LLC (Univision) the licensee of WFUT-DT, Newark, NJ (WFUT or Station), filed the above-referenced request for waiver of the Commission's tolling provisions and tolling of the Station's construction permit expiration date. For the reasons below, we grant Univision's request and toll the expiration date of WFUT's construction permit to January 23, 2021.

Background. Pursuant to section 73.3700(b)(5) of the Commission's rules (Rules), a station that was assigned a new channel as a result of the Commission's incentive auction and repacking process may request a single extension of its construction permit deadline of up to 180 days to complete construction of its post-auction facility.¹ All subsequent requests for additional time to construct are subject to the Commission's tolling provisions of section 73.3598(b) of the Rules.² The Commission's tolling provisions provide that a construction permit deadline may be tolled under specific circumstances such as acts of God, delays due to administrative or judicial review, or construction that is delayed by any cause of action pending before a court of competent jurisdiction relating to any necessary local, state, or federal requirement for the construction or operation of the station, including any zoning or environmental requirement.³ If a station does not qualify for tolling under these criteria, good cause may exist to waive the Commission's tolling provisions and tolling may still be warranted where the licensee can demonstrate that "rare and exceptional circumstances" prevented construction by the station's construction permit expiration date.⁴

Univision requests waiver of the tolling rule and tolling of its construction permit for its post-incentive auction channel facilities to January 23, 2021. WFUT is currently operating on its post-auction

² See 47 CFR § 73.3700(b)(5)(i) citing 47 CFR § 73.3598(b).

³ *Id.*

⁴ See 1998 Biennial Regulatory Review -- Streamlining of Mass Media Applications, Rules, and Processes, Memorandum Opinion and Order, 14 FCC Rcd 17525, 17542, para. 42 (1999) (recognizing that there may be "rare and exceptional circumstances" beyond the control of the licensee that do not fall under the tolling provisions, but "which would warrant the tolling of construction time." The Commission concluded that in such "limited circumstances," it would entertain requests for waiver of its "strict tolling provisions"); *Northeast Cellular Telephone Co. v. FCC*, 897 F.2d 1164, 1166 (D.C. Cir. 1990) and *WAIT Radio v. FCC*, 418 F.2d 1153, 1159 (D.C. Cir. 1969), *cert. denied*, 409 U.S. 1072 (1972); 47 CFR § 1.3 (waiver for good cause shown).

channel using an interim facility while it completes construction of its post-auction channel facilities.⁵ WFUT was previously granted a construction permit extension and tolling through July 27, 2020.⁶

Univision states that the Station has worked diligently to complete installation of its post-auction channel antenna, but difficulties associated with construction on the Empire State Building continue to prevent the Station from building-out its final post-auction facilities by the current construction permit expiration date. Specifically, because the antenna specified in its construction permit could not be installed in compliance with local building codes, the Station has had to redesign its post-auction channel antenna, requiring structural reinforcements to the upper section of the Empire State Building tower. Additionally, Univision states that the Station faces significant scheduling challenges, as it must contend with ongoing sidewalk closures initiated by local authorities. As a result, Univision states that the Station cannot start construction until late this year. Therefore, in light of these circumstances, Univision requests tolling of the Station's construction permit to January 23, 2021.

Discussion. Upon review of the facts and circumstances presented, we find that sufficient circumstances exist to waive section 73.3598(b) of the Rules and to toll the expiration date of the Station's construction permit to January 23, 2021.⁷ Univision has demonstrated it has been unable to complete construction of its post-auction channel facilities due to construction delays. We also find that grant of Univision's waiver and tolling request is not likely to negatively impact the overall transition schedule and will not cause interference to other stations. WFUT has already ceased operation on its pre-auction channel and is operating from an interim facility on its post-auction channel. To the extent some viewers are unable to receive WFUT's signal while it operates using its interim facility, we believe that Univision has every incentive to ensure viewers are fully informed about the Station's transition plan. Ultimately, we conclude that the public interest will be served by grant of waiver and tolling of the Station's construction permit.

We remind Univision that pursuant to the Spectrum Act, the Station is eligible for reimbursement from the TV Broadcast Relocation Fund (Fund) of costs "reasonably incurred . . . in order for the licensee to relocate its television service from one channel to the other."⁸ Additional expenses incurred, such as expenses resulting from changes in a Station's transition plan that are not related to the post-incentive auction channel change, may not be reimbursable from the Fund.

We further remind Univision that the Commission has stated that the Bureau may announce a deadline for the submission of final expense documentation for reimbursement well before the statutory

⁵ See LMS File No. 0000118332. WFUT was repacked from channel 30 to channel 26. WFUT operates on channel 26 on a shared basis with WXTV-DT, Paterson, New Jersey.

⁶ See LMS File Nos. 0000078750 and 0000100059.

⁷ 47 CFR § 73.3598(b).

⁸ 47 U.S.C. § 1452(b)(4)(A)(i). See also *Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions*, GN Docket No. 12-268 et. al., Report and Order, 29 FCC Rcd 6567, 6821, para. 622 (2014) (*Incentive Auction R&O*), aff'd, *Nat'l Ass'n of Broadcasters v. FCC*, 789 F.3d 165 (D.C. Cir. 2015) ("The appropriate scope of 'costs reasonably incurred' necessarily will have to be decided on a case-by-case basis.").

deadline of July 3, 2023.⁹ Thus, we strongly encourage the Station to diligently pursue satisfaction of the current deadlines to improve the chances that there will be sufficient funds available to reimburse the Station for its legitimate repacking expenses, and we encourage Univision to submit eligible invoices as soon as practicable.

The above facts considered, Univision New York, LLC's request for waiver of the Commission's tolling provisions **IS GRANTED**. The construction permit (LMS File No. 0000034667) for WFUT-DT, Newark, New Jersey, **IS TOLLED to January 23, 2021**. Grant of this tolling waiver does not permit WFUT to recommence operation on its pre-auction channel. We also remind Univision that any subsequent requests for tolling of its construction permit deadline will be subject to the Commission's tolling provisions.¹⁰

Sincerely,

/s/

Barbara A. Kreisman
