In Re: Special Temporary Authority
For Station WIWN
Fond Du Lac, WI
Application File No. 0000127365
Fac Id: 60571

Dear Licensee:

This is in reference to your January 21, 2021, request seeking special temporary authority (STA) to continue operating TV station WUNW Canton, NC, from the station's licensed site with previously authorized alternate parameters¹ to overcome the diminution of the station's broadcast signal as a result of the VHF channel 5 assignment.

After a thorough review of your technical specifications, we are persuaded that no interference is likely to occur from the proposed operation. We therefore conclude that the public interest would be served by the grant of this request. If problems do arise, we expect them to be solved expeditiously and the Bureau reserves the right to require the termination of the operation.

With respect to radio frequency radiation (RFR), we expect compliance with Section 1.1307(b) of the Commission's Rules to be achieved.

In light of the above, special temporary authority **IS GRANTED** pursuant to Section 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **January 29, 2022**.

Sincerely,

/s/
