Re: Request for Special Temporary
Authority
WEYS-LD, Miami, FL
Facility ID No. 6035
LMS File No. 0000158027

Dear Licensee:

This letter concerns the above-referenced request for special temporary authority, as amended, filed August 26, 2021 (STA) by Alma Vision Hispanic Network, Inc. (AVHN), licensee of digital low power television (LPTV) station WEYS-LD, Miami, Florida (WEYS-LD or Station). For the reasons below, we grant AVHN's STA with conditions.

WEYS-LD is a digital LPTV station operating on channel 6 in ATSC 3.0 format. AVHN requests an STA to operate an analog FM audio carrier as an ancillary or supplementary service within Station's assigned digital channel frequencies (FM6 operations).

AVHN commits that while it is operating pursuant to the STA, it will continue to make efficient use of the ATSC 3.0 video portion of the Station's signal. AVHN states that the Station will provide at least one stream of synchronized video and audio programming on the ATSC 3.0 portion of the spectrum on a full time (24x7) basis. AVHN represents that the Station currently provides Spanish-language religious programming 24 hours a day, seven days a week. AVHN states that this video programming can be satisfactorily viewed on consumer receiving equipment based on the ATSC 3.0 standard.

AVHN further states that the Station's ancillary or supplementary audio signal will occupy a portion of the bandwidth assigned to the Station as part of its DTV channel. Should any unexpected interference occur, AVHN pledges that it will promptly take remedial action, including termination of all or part of the Station's signal, if necessary.

ACCORDINGLY, the request for special temporary of Alma Vision Hispanic Network, Inc. for digital LPTV station WEYS-LD, Miami, Florida, **IS GRANTED** for a period of **six months from the date of this letter**, subject to the following conditions:

1. FM6 operations may only be conducted on 87.75 MHz.
2. This STA has been issued on a non-interference basis and may be immediately modified or terminated if the operation causes interference to any other licensed user, including but not limited to broadcast television or radio users, or if AVHN fails to comply with any conditions of grant. Pursuant to section 73.1635(b) of the rules, the Video Division, without the consent of AVHN, may also modify the terms of or terminate this authorization for any other reason upon written notice to AVHN.

3. WEYS-LD's audio and video coverage must reach similar populations.
4. AVHN shall submit written reports, 90 days from the date of this letter and then again 180 days from the date of this letter, detailing any reports of interference to other licensed users it has received and any interference between WEYS-LD's video and audio services that in any way limits the coverage of its video. Such reports must also include a demonstration that WEYS-LD's audio and video coverage reach similar populations.
5. During the term of this STA, WEYS-LD must provide at least one stream of synchronized video and audio programming on the ATSC 3.0 portion of the spectrum on a full time (24x7) basis.
6. During the term of this STA, the technical facilities of WEYS-LD may not be modified.
7. During the term of this STA, the license of WEYS-LD may not be assigned or transferred.

Sincerely,

/s/

Barbara A. Kreisman
