Special Operating Conditions or Restrictions

The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.

- Upon commencement of program tests in accordance with Section 73.1620, the licensee must cease use and request cancellation of the auxiliary facilities authorized by BMLH-19950331KS and License File No. 0000112735 due to a violation of Section 73.1675(a)(1). Alternatively, the licensee may seek modification of the auxiliary facility in accordance with Section 73.1675(c)(1) to bring it into compliance with Section 73.1675 (a)(1). Documentation of compliance with this condition must be submitted with the FCC Schedule 302, Application for License.

Subject to the provisions of the Communications Act of 1934, as amended, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this permit, the permittee is hereby authorized to construct the radio transmitting apparatus herein described. Installation and adjustment of equipment not specifically set forth herein shall be in accordance with representations contained in the permittee's application for construction permit except for such modifications as are presently permitted, without application, by the Commission's Rules(See Section 73.875).

Pursuant to Section 73.3598, this Construction Permit will be subject to automatic forfeiture unless construction is complete and application for license is filed prior to expiration.

Equipment and program tests shall be conducted only pursuant to Sections 73.1610 and 73.1620 of the Commission's Rules.
