Re: Intelli LLC (Intelli)  
KSPA(AM), Ontario, CA  
Fac. ID No.: 13899  
Special Temporary Authority (STA)  
LMS File No.: 0000243011

Dear Mr. Do:

This is in reference to the request filed on April 3, 2024. Intelli requests a further extension of the STA granted on April 20, 2021, to continue operating from an alternate site to allow time to file the required 301-AM minor change application in LMS to propose a new permanent facility (due to loss of the licensed site four years ago).<sup>1</sup> In support of the request, Intelli stated that it is in the process of selling the station to a new licensee that will have to file the required application to move forward towards resumption of licensed operations.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is hereby GRANTED, and Intelli may continue to operate with the following facilities:

Geographic coordinates	34° 04' 00.1" N, 117° 40' 13.2" W (NAD83)
Frequency	1510 kHz
Hours of operation	Daytime and Nighttime
Operating power	0.010 kW

---

<sup>1</sup> KSDO(AM) is licensed for DA operation on 1130 kHz with 10 kW (day and night) using different patterns.

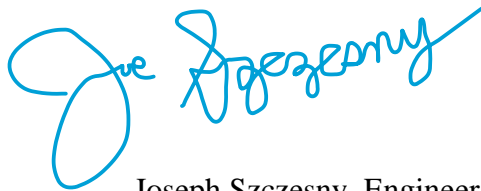

Antenna type Information  
Electrical height of radiator

Station Specialist AN16 (ANXX) antenna  
7 electrical degrees

Intelli must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **October 15, 2024.** <sup>2</sup>

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny", with a large loop on the left side.

Joseph Szczesny, Engineer  
Audio Division  
Media Bureau

cc: Dan J. Alpert, Esq., (via email only)

---

<sup>2</sup>Periods of operation pursuant to this STA shall be recorded in the station's records (see 47 CFR § 73.1820). The records shall include start/stop dates and times of such operation. These log entries must be maintained for a minimum of two years as specified in 47 CFR § 73.1840(a), unless a longer retention period is requested by the staff. Periods of operation may be subject to independent verification that they in fact occurred.
