Dear Licensee:

This refers to the above mentioned application dated March 13, 2017 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that on March 5, 2017, the broadcast facility's antenna transmission line was damaged due to a major ice storm. As a result, the station is currently operating at 30% of authorized power.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on September 17, 2017.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
