Dear Licensee:

This refers to the above mentioned application dated April 28, 2017 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that WTPC-TV experienced failure on March 30, 2017 and has been operating at less than 80% of authorized power since that date. You mentioned that the necessary part has been ordered and we anticipate delivery soon. The station requests special temporary authority to operate below the minimum power limits of Rule 73.1560(c).

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on November 1, 2017.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is written over the typed name.
