Re: WCET(TV)
0000024500
Cincinnati, Ohio
Fac Id: 6566

Dear Licensee:

This refers to the above mentioned application dated May 10, 2017 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that in light of the ongoing Incentive Auction repack and the pending WCET channel change, WCET is seeking Special Temporary Authority to operate with a lower antenna radiation center height than is currently authorized. You mentioned that due to financial constraints, WCET was not able to remove the existing analog antenna during the construction of the new DTV facility. Rather, WCET side-mounted the DTV antenna which changed the radiation center height above ground level from the originally proposed height of 282m to 235.8m.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on November 16, 2017.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with a long, sweeping tail on the final letter.

Kevin R. Harding
