Dear Licensee:

This refers to the above mentioned application dated June 5, 2017, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that due to a transmission line failure, KVTN-DT has only been able to achieve 25% of its authorized power.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on December 6, 2017.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
