Dear Licensee:

This refers to the above mentioned application dated September 21, 2017, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that on September 18, 2017, WLFG was able to resume operations at reduced power (250 kW ERP or 25%) power after being off the air around September 5, 2017, due to a technical failure.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on March 25, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with a large loop at the end.
