Dear Licensee:

This refers to the above mentioned application dated October 5, 2017, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the station resume operations at approximately 25% of its licensed power level (approximately 78 kW of its licensed 350 kW). You mentioned that the Station continues to experience complications as a result of the hurricane and has been working to resume full power operations.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on May 1, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with the first name "Kevin" being the most prominent.
