Dear Licensee:

This refers to the above mentioned application dated January 31, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that Sistema Universitario Ana G. Mendez, Inc. (SUAGM), ceased operations on September 22, 2017 as a result of damage caused by Hurricane Maria. SUAGM requested and was granted a STA to remain silent on October 24, 2017. SUAGM was able to resume operations on January 24, 2018 utilizing its authorized antenna system and a backup transmitter. The station is now operating with reduced power ERP of 17.7 kW. SUAGM anticipates that it will continue to operate WMTJ with reduced power through the date that it is able to implement the repack transition for the station.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on August 23, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
