Dear Licensee:

This refers to your request dated June 4, 2018 requesting special temporary authority (STA) to operate at variance. You indicate that KUED, a member of DTV Utah LC, will be transitioning to a new antenna and transmitter this summer in order to comply with a new channel assignment issued by the FCC in Phase One the Repack. In order to make this change, the construction phase of this move will require KUED to cease operation on the current antenna while the new one is installed. To continue operation during this time, KUED will need to operate on a standby antenna on its current channel at reduced power for several months while the new antenna and transmission facilities are constructed.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on December 7, 2018.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
