Re: KOB(TV)
0000054959
Medford, OR
Fac Id: 8260

Dear Licensee:

This refers to the above-mentioned application dated June 4, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that KOB(TV), Medford, Oregon, licensed to California Oregon Broadcasting, Inc. ("COBI"), is operating at reduced power due to failure of the final power amplifier tube. A rebuilt spare tube was installed but is only capable of transmitting at 50% power. You mentioned that replacement tubes are not available since they are no longer manufactured. Special Temporary Authority is hereby requested to continue operating at a reduced power of 3.18 kW until COBI is able to procure and install a new transmitter.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on December 5, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is written over the typed name.

Kevin R. Harding
