Dear Licensee:

This refers to the above-mentioned application dated July 10, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that WHMB Channel 20 Indianapolis has incurred a failure to one of its two high voltage transformers that supplies mains to its transmitter. The parts are on order to repair but is on a 8-10 week backorder. Full power will be restored by mid-August.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on January 26, 2019.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
