Dear Licensee:

This refers to the above-mentioned application dated July 18, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the station seeks authority to operate with reduced power on Channel 45 (pre-repack) while the new repack transmitter on Channel 32 is installed. No change in site location is proposed herein.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on January 26, 2019.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
