Dear Licensee:

This refers to the above-mentioned application dated July 26, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that WIBW-TV's top-mounted main antenna was recently replaced due to degraded performance in recent years and to implement elliptical polarization. The replacement antenna has a shorter length and results in a reduction of HAAT to 403 meters. You mentioned that the STA sought herein is to operate WIBW-TV with 46 kW ERP.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on January 30, 2019.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is positioned above the typed name and title.
