## Waivers/Special Conditions

- Special Condition: The National Radio Astronomy Observatory (NRAO), Green Bank, WV, objects unless the Applicant's license is restricted to an Effective Radiated Power (ERP) of 0.02, 0.017 and 0.016 Watts respective of frequency band at Azimuth 233.3 degrees True North. To meet this Special Condition, the Applicant shall: 1. Use the final engineering submitted by Jim McDonald indicating that all facilities meet the ERP restriction. 2. Arrange for the requested site inspection to verify the implementation of this Special Condition. 3. Post a copy of this document and associated attachments at the Transmit facility. 4. Provide a Construction Notification as defined by the FCC for your specific radio service.
- This authorization is subject to the condition that low power television is a secondary service, and that low power television and television translator stations must not cause interference to the reception of existing or future full service television stations on either allotted NTSC or DTV channels, and must accept interference from such stations.

Subject to the provisions of the Communications Act of 1934, as amended, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this permit, the permittee is hereby authorized to construct the radio transmitting apparatus herein described. Installation and adjustment of equipment not specifically set forth herein shall be in accordance with representations contained in the permittee's application for construction permit except for such modifications as are presently permitted, without application, by the Commission's Rules.

Equipment and program tests shall be conducted only pursuant to Sections 73.1610 and 73.1620 of the Commission's Rules.
