Re: WHFT-TV  
0000063501  
Miami, FL  
Facility ID Number: 67971

Dear Licensee:

This refers to the above-mentioned application dated November 13, 2018, requesting special temporary authority (STA) to operate at variance. You indicate that it is proposed to use an auxiliary antenna for its operation on Channel 46 (pre-repack) while the authorized antenna on repack Channel 28 is installed at the same elevation on the tower as the present Channel 46 antenna. It is proposed to mount an RFS broadband directional, horizontally-polarized antenna at the 122-meter level of the existing 317.3-meter WHFT-TV tower. The proposed effective radiated power for the facility is 400 kW in the horizontal plane.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **May 19, 2019**.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is written over the typed name.
