Dear Licensee:

This refers to the above-mentioned application dated September 18, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that on August 16, 2018, WHSG-TV's transmitter facility experienced the loss of an output tube. The station is able to maintain broadcast operations at 50% power but is unable to return to 100% power due to a paucity of replacement parts and equipment.

In light of the above, special temporary authority **IS GRANTED** pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **March 18, 2019**.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is positioned above the typed name and title.
