Dear Licensee:

This refers to the above-mentioned application dated September 21, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the station is operating at reduced power due to a High Voltage power supply failure. The parts required to get the High Voltage supply operational are not available from the manufacture currently and are being constructed.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **March 25, 2019**.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is stylized and includes a large, sweeping flourish at the end.

Kevin R. Harding
