Dear Licensee:

This is in response to the above application filed on May 8, 2019 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the station has been operating at reduced power since May 4, 2019 because of multiple amplifier failure issues preventing full power operation. The station is licensed at 108 kW ERP. With the multiple amplifier issues the ERP is limited to 61.25 kW.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **November 16, 2019**.

Sincerely,

A handwritten signature in cursive script that reads "Kevin R. Harding".
