Dear Licensee:

This is in response to the above application filed on June 3, 2019, for special temporary authority (STA) to operate at variance. You indicate the purpose of this STA application is to allow the WVIZ facility to temporarily operate with alternate parameters on its pre-transition channel (26) using a side-mounted directional interim antenna (TFU-8WB-R C160) while the new post-transition main antenna is installed. You mentioned the proposed WVIZ temporary facility will completely encompass its community of license and will not exceed its licensed, pre-transition protected noise limited contour in any azimuthal direction.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **August 2, 2019**.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
