Re: KPIX-TV
0000074941
San Francisco, CA
Fac Id: 25452

Dear Licensee:

This is in response to the above application filed on June 13, 2019, to operate at reduced effective radiated power (ERP). You indicate due to logistical challenges; the new transmitter must be installed in the same physical location as the present transmitter. While this work is being done, KPIX-TV plans to use its auxiliary transmitter and main antenna capable of 50% of the licensed 1,000 kW effective radiated power. You mentioned that at this power level, continued principal community coverage of San Francisco, CA will be assured.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **December 25, 2019**.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with the first name "Kevin" being the most prominent.

Kevin R. Harding
