Dear Licensee:

This is in response to the above application filed on July 5, 2019, for special temporary authority (STA) to operate at variance. You indicate that WEO must remove its pre-transition top mount antenna and replace it with a new post transition antenna. You mentioned that the grant of this STA is in the public interest since it will allow WEO to broadcast on its post transition channel while it waits the installation of the permitted top mount antenna.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **January 11, 2020**.

Sincerely,
