Dear Licensee:

This is in reference to your application filed on September 4, 2019 requesting special temporary authority (STA) to operate TV station KOMO-TV, Channel 38, Seattle, WA. This request to operate with a reduced facility is to facilitate the construction of the repack facility for KOMO-TV.

After a thorough review of your technical specifications, we are persuaded that no interference is likely to occur from the proposed operation. We therefore conclude that the public interest would be served by the grant of this request. If problems do arise, we expect them to be solved expeditiously and the Bureau reserves the right to require the termination of the operation.

With respect to radio frequency radiation (RFR), we expect compliance with Section 1.1307(b) of the Commission's Rules to be achieved.

In light of the above, special temporary authority IS GRANTED pursuant to Section 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **October 19, 2019**.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
