In Re: Special Temporary Authority
For Station KPIX-TV
San Francisco, California
Application File No. 0000089373
Fac Id: 25452

Dear Licensee:

This is in reference to your November 14, 2019 request seeking special temporary authority (STA) to operate TV station KPIX-TV, San Francisco, CA, on its licensed channel using an interim antenna with reduced parameters in order to accommodate tower work by other repacked stations in the vicinity of KPIX-TV's main antenna.

After a thorough review of your technical specifications, we are persuaded that no interference is likely to occur from the proposed operation. We therefore conclude that the public interest would be served by the grant of this request. If problems do arise, we expect them to be solved expeditiously and the Bureau reserves the right to require the termination of the operation.

With respect to radio frequency radiation (RFR), we expect compliance with Section 1.1307(b) of the Commission's Rules to be achieved.

In light of the above, special temporary authority IS GRANTED pursuant to Section 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **May 14, 2020**.

Sincerely,

A handwritten signature in black ink, reading "Kevin R. Harding", is positioned above the typed name and title.
