Waivers/Special Conditions

This authorization is subject to the condition that low power television is a secondary service, and that low
power television and television translator stations must not cause interference to the reception of existing or
future full service television stations on either allotted NTSC or DTV channels, and must accept interference
from such stations.

See the registration for this antenna structure.

During installation of the antenna authorized herein, AM Station(s) listed below shall determine operating
power by the indirect method. Upon completion of the installation, antenna impedance measurements on the
AM antenna shall be made and, prior to or simultaneous with the filing of the application for license to cover
this permit, the results submitted to the Commission (along with a tower sketch of the installation) in an FCC
Form 302-AM application for the AM station to return to the direct method of power determination. Callsign:
WOLF City: Syracuse State: NY

Subject to the provisions of the Communications Act of 1934, as amended, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this permit, the permittee is hereby authorized to construct the radio transmitting apparatus herein described. Installation and adjustment of equipment not specifically set forth herein shall be in accordance with representations contained in the permittee's application for construction permit except for such modifications as are presently permitted, without application, by the Commission's Rules.

Equipment and program tests shall be conducted only pursuant to Sections 73.1610 and 73.1620 of the Commission's Rules.
