Re: Request for Invoice Deadline
Extension
WUJA(TV), Caguas, PR
Facility ID No. 8156
LMS File No. 0000158816

Dear Licensee,

On September 8, 2021, Caguas Educational TV, Inc. (Licensee), the licensee of WUJA(TV), Caguas, Puerto Rico (WUJA or Station), filed the above captioned request (Request) for extension of the Commission's invoice filing deadline for the TV Broadcaster Relocation Fund (the Reimbursement Fund or Fund) from the first invoice filing assignment deadline of October 8, 2021, to the second invoice filing assignment deadline of March 22, 2022. For the reasons below, we grant Licensee's Request and extend the date of the Station's invoice filing assignment deadline to March 22, 2022.

Background. Pursuant to the Commission's direction, the Incentive Auction Task Force and Media Bureau set deadlines for final invoice submission to the Reimbursement Fund using a phased assignment approach.¹ All repacked stations assigned to Phases 1 through 5 of the Transition Scheduling Plan, and repacked stations that were granted permission to transition prior to the Phase 1 testing period, are required to submit all remaining invoices and supporting documentation using the Reimbursement Form, and initiate interim close-out procedures, no later than October 8, 2021. We stated that we did not anticipate a need to grant extensions because the deadline is more than a year after the July 13, 2020, statutory end of the transition period and more than a year after the announcement of the invoice filing assignment deadline. However, in the unlikely event that an entity faces circumstances beyond its control, we may consider a limited extension by means of shifting an entity with the first (October 8, 2021) invoice filing assignment deadline to the second (March 22, 2022) invoice filing assignment deadline.² An entity requesting such a shift must provide evidence that circumstances requiring the extension were outside of its control, such as local zoning or a force majeure event occurring proximate to

the final submission deadline.³ We will not consider the availability of reimbursement or the status of specific reimbursement requests to be a mitigating factor in evaluating extension requests and we will not grant extensions that do not provide the staff with sufficient processing time to complete close-out procedures for all stations.⁴

Licensee requests an extension of the invoice filing assignment deadline from the first (October 8, 2021) to the second (March 22, 2022) invoice filing assignment deadline for the Station. The Station transitioned to its post-auction channels prior to September 11, 2019, and currently is operating from interim facilities on its post-auction channel.⁵ Licensee states that despite its best efforts, it cannot meet the October 8, 2021 invoice filing deadline due to governmental permitting delays beyond its control.

Licensee states that it has made significant progress on construction of its permanent post-auction channel facilities, to include hiring a contractor who has procured the antenna and lines and installed the transmitter. Licensee further states that it attempted to obtain the necessary permits in 2020 and has received all but two of the local governmental permits and endorsements necessary to complete constructing its facilities. Specifically, as of September 8, 2021, WUJA is still waiting to receive an endorsement from the fire department, which the Station must have before it can proceed with constructing the tower. Licensee states that upon receipt of that endorsement, it will then submit the tower construction permit documents to the Oficina de Gerencia de Permisos (OGPe), which issues the final permits. Licensee notes that the OGPe requires at least 30 days to evaluate construction permit requests. Given this timeline, Licensee states it will not receive the necessary permits in time to commence and complete construction of the Station's new tower by the October 8, 2021 invoice submission deadline.

Licensee argues that there is good cause to grant its Request because WUJA has attempted to obtain all necessary permits but, due to governmental delays, has experienced significant delays in completion of construction due to circumstances beyond its control.

Discussion. Upon review of the facts and circumstances presented, we find that sufficient circumstances exist to extend the Station's invoice filing assignment deadline from the first (October 8, 2021) to second (March 22, 2022) invoice filing assignment deadline. Licensee has demonstrated that circumstances beyond its control require the extension. We also find that grant of Licensee's request is not likely to negatively impact the staff's ability to process the Station's invoices or its ability to complete close-out procedures for all stations. We therefore conclude that the public interest will be served by grant of the extension. We strongly encourage the Station to diligently pursue submission of all remaining invoices and initiate close-out procedures as early as possible without waiting for the second (March 22, 2022) invoice filing assignment deadline.

We remind the Licensee that pursuant to the Spectrum Act, the Stations are eligible for reimbursement for costs "reasonably incurred . . . in order for the licensee to relocate its television service from one channel to the other."⁶ Additional expenses incurred, such as expenses resulting from changes

in a Station's transition plan that are not related to the post-incentive auction channel change, may not be reimbursable from the Fund. Furthermore, the Station's failure to complete any remaining construction in a timely manner and to make final submissions by the assigned invoice filing assignment deadline could preclude the Station from receiving full reimbursement because unobligated amounts in the Fund must be rescinded to Treasury by July 3, 2023.⁷

In consideration of the above facts, Caguas Educational TV, Inc.'s request for extension of invoice filing assignment deadline **IS GRANTED**. The invoice filing assignment deadline for WUJA(TV), Caguas, Puerto Rico, **IS MODIFIED TO March 22, 2022**.

Sincerely,
