Waivers/Special Conditions

Grant of this license application is conditioned on continuous operations of the licensed facility for the twelvemonth period following grant. The failure to so operate will result in the rescission of this grant, dismissal of the
license application and the forfeiture of the associated construction permit pursuant to 47 C.F.R. § 73.3598(e)
unless the licensee rebuts the presumption that the authorized facilities were temporarily constructed.

Subject to the provisions of the Communications Act of 1934, as amended, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this permit, the permittee is hereby authorized to construct the radio transmitting apparatus herein described. Installation and adjustment of equipment not specifically set forth herein shall be in accordance with representations contained in the permittee's application for construction permit except for such modifications as are presently permitted, without application, by the Commission's Rules.

Equipment and program tests shall be conducted only pursuant to Sections 73.1610 and 73.1620 of the Commission's Rules.
