

**Special Temporary Authority For a Radio Broadcast Station**

**Audio Division, Media Bureau**

**Date:** August 28, 2023  
**File Number:** 0000219933  
**Call Sign:** W287CD (FX)  
**Facility ID Number:** 142798

For the reasons provided in the application request, Special Temporary Authority (STA) IS GRANTED for operation of the station above with the parameters specified in the STA request only. The licensee is responsible for addressing any complaints of interference that may arise. Please note that the recordkeeping requirements listed at the bottom of this page apply to operations under this STA.

When operations pursuant to this STA commence, the licensee shall file a **Notice of Resumption of Operations** in the FCC’s LMS electronic filing system.

We remind the licensee that the station's license will expire as a matter of law upon twelve consecutive months of silence [ending **September 22, 2023**], notwithstanding the grant of the present STA. See 47 U.S.C. Section 312(g), and *Silent Station Authorizations*, 11 FCC Rcd 11569, FCC 96-218 (May 17, 1996). See also Public Notice, *Expedited Processing of Applications Filed by Silent Stations*, 11 FCC Rcd 14356, DA 96-818 (May 22, 1996). Please be aware that unauthorized operations – operations with facilities not authorized by a current STA or license – do not count as a resumption of operations within one year for the purposes of Section 312(g) of the Communications Act, and cannot be used to avoid the consequences of Section 312(g). See *Eagle Broadcasting Group v. FCC*, 563 F.3d 543 (D.C. Cir. 2009).

This STA authority expires **February 24, 2024**.

Further extension requests for this STA, or for an STA for future silent status, must contain full documentation about the licensee’s efforts toward a permanent solution, and must provide evidence to show that the STA operations authorized here in fact occurred. Failure to provide this information will be sufficient to warrant denial of future STA requests.

In addition, it is not apparent that the licensee filed any STA request to remain silent during these past months of silence. The licensee must file a request for Special Temporary Authority to Remain Silent for any future period of silence that will exceed 30 days. This requirement applies even if the current STA for temporary operations has not yet expired.

Authorized by: Dale Bickel [dale.bickel@fcc.gov](mailto:dale.bickel@fcc.gov)  
Senior Electronics Engineer

A copy of this authorization will be posted in the FCC’s LMS database under the file number above.  
Please retain a copy of this authorization for your records.

-----  
Considerations:

Licensee must take all steps to ensure that workers and the public are not exposed to radiofrequency exposure in excess of the Commission’s exposure limit.

This Special Temporary Authority does not supersede any non-FCC-regulated requirements applicable to the STA-authorized facility. The licensee remains solely and wholly responsible for maintaining compliance with such requirements.

Requests for extension of STA may be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Periods of operation pursuant to this STA shall be recorded in the station’s records (see 47 CFR §§ 73.1820 (AM/FM/TV), 73.877 (LPFM) and/or 74.1281 (FM translator)). The records shall include start/stop dates and times of such operation. These log entries must be maintained for a minimum of two years as specified in 47 CFR § 73.1840(a), unless a longer retention period is requested by the staff. Periods of operation may be subject to independent verification that they in fact occurred.
