This construction permit expires on June 2, 2003. New Commission rules which became effective on February 16, 1999, have a bearing on this construction permit. See Report & Order, Streamlining of Mass Media Applications, MM Docket No. 98-43, 13 FCC RCD _____, Para. 77-90 (November 25, 1998); 63 Fed. Reg. 70039 (December 18, 1998). Pursuant to these new rules, consummation of the assignment consented to herein will NOT extend the expiration date of the permit. The construction permit will be subject to automatic forfeiture unless construction is complete and an application for license to cover is filed prior to expiration.

Prior to consummation, the Commission must receive an unjust enrichment payment, i.e., the amount equal to one hundred percent of the bidding credit received by Outlook plus interest based on the rate for ten-year U.S. Treasury obligations applicable on the date the construction permit was granted. Upon the Commission's receipt of this payment, the parties may consummate the transaction.

Under authority of the Communications Act of 1934, as amended, the consent of the Federal Communications Commission is hereby granted to the transaction indicated above.

The Commission's consent to the above is based on the representations made by the applicants that the statements contained in, or made in connection with, the application are true and that the undertakings of the parties upon which this transaction is authorized will be carried out in good faith.

The actual consummation of voluntary transactions shall be completed within 90 days from the date hereof, and notice in letter form thereof shall promptly be furnished to the Commission by the seller or buyer showing the date the acts necessary to effect the transaction were completed. Upon furnishing the Commission with such written notice, this transaction will be considered completed for all purposes related to the above described station(s).
