This construction permit expires on November 30, 2014. Commission rules which became effective on February 16, 1999, have a bearing on this construction permit. See Streamlining of Mass Media Applications, Report and Order, MM Docket No. 98-43, 13 FCC Rcd 23056 (1999). Pursuant to these rules, consummation of the assignment consented to herein will not extend the expiration date of the permit. The construction permit will be subject to automatic forfeiture unless construction is complete and an application for license to cover is filed prior to expiration.

Under authority of the Communications Act of 1934, as amended, the consent of the Federal Communications Commission is hereby granted to the transaction indicated above.

The Commission's consent to the above is based on the representations made by the applicants that the statements contained in, or made in connection with, the application are true and that the undertakings of the parties upon which this transaction is authorized will be carried out in good faith.

The actual consummation of voluntary transactions shall be completed within 90 days from the date hereof, and notice in letter form thereof shall promptly be furnished to the Commission by the seller or buyer showing the date the acts necessary to effect the transaction were completed. Upon furnishing the Commission with such written notice, this transaction will be considered completed for all purposes related to the above described station(s).
