OPPOSITION TO PETITION TO DENY

WSUA Broadcasting Corporation (“WSUA”), pursuant to Section 73.3584(b) of the Commission’s rules, hereby opposes the May 20, 2021 Petition to Deny filed by Jose Garcia (“Garcia”) to the above-referenced applications on FCC Form 314 (File Nos. 0000143587 and 0000143588 (collectively, the “Applications”)) seeking the Commission’s consent to the assignment of WSUA-AM and W232DX-FX, Miami, Florida (collectively, the “Stations”) from WSUA to ATV Holdings, Inc. (“ATV”).¹ In opposition thereto, the following is submitted:

NO TRANSFER OF CONTROL HAS OCCURRED.

1. Pursuant to Section 310(d) of the Communications Act, the Commission prohibits *de facto*, as well as *de jure*, transfers of control of a station license, or any rights thereunder, without prior Commission consent:²

¹ This Opposition is timely filed pursuant to Section 73.3584(b) of the Commission’s rules, an extension of time by the Media Bureau’s Audio Division on May 28, 2021 and a further extension for the observance of a federal holiday on June 17, 2021. See Email from Christopher R. Clark, Assistance Chief, Audio Division FCC, to Seth L. Williams (May 28, 2021) and Press Release titled “Extension of Filing Deadlines Falling on Federal Holiday Observed June 18, 2021” (DA 21-717).

² 47 U.S.C. § 309(d).

To determine whether an unauthorized transfer of control has occurred, the Commission looks to whether a new entity has the right to determine the basic operating policies of the licensee or station, particularly with respect to programming, personnel, and finances.³

2. The Stations' operations include a time brokerage agreement (the "TBA") whereby WSUA agrees to make available broadcasting time for programming provided by Caracol Broadcasting, Inc. ("Caracol").⁴ A copy of the time brokerage agreement is included as Exhibit 1 hereto.⁵

3. Pursuant to the TBA, WSUA sells substantially all of its broadcast time to Caracol in exchange for the payment of certain fees.⁶ However, consistent with the Commission's policies regarding time brokerage, WSUA retained "full authority, power, and control over the management and operations of the Station during the Term of this Agreement, including specifically control over its personnel, programming and finances."⁷

4. Specifically, the TBA provides that WSUA has the absolute right to reject any programming provided by Caracol, WSUA is required to continue employment of a full-time general manager and at least one full-time staff employee and WSUA is required to maintain the Stations' transmission equipment and facilities, including utility accounts (for which Licensee may request reimbursement, together with, among other things, regulatory fees, insurance

Greater Boston Television Corp. v. FCC*, 444 F.2d 841 (D.C. Cir. 1970), *cert. denied*, 403 U.S. 923 (1971)).

⁴ WSUA understands that Caracol does not operate nor does it have an attributable interest with another station in the Miami, Florida market.

⁵ Although Garcia makes no mention of this agreement in his Petition, the agreement has been available on the Stations' online public file since February 28, 2018 and in the Stations' public files since 2003.

expenses, lease payments and other overhead costs incurred by Licensee).⁸ WSUA's general manager, Luz Elena Bermudez, declares that, since the start of the TBA and continuing to the present day, (i) WSUA actively monitors the programming provided by Caracol, (ii) WSUA employs a general manager and at least one full-time staff employee and (iii) WSUA maintains its own bank accounts and makes payments on its own behalf which, subsequently, are reimbursed by Caracol.⁹

5. In the Petition, Garcia states that:

[p]rogramming, day-to-day operations as well as the hiring and firing of personnel are [Vasallo's] decisions to make, and [Vasallo] has already changed the programming and personnel. The evidence undeniably demonstrates that he is in control of WSUA."¹⁰

Garcia's arguments are a red herring that mischaracterizes the underlying facts and fails to present the Commission with a basis for overturning the Commission's long-standing policies regarding time brokerage agreements. Despite Garcia's assertions that Mr. Vasallo is in control of the Stations and that Vasallo has changed the programming and personnel, WSUA remains in control of the Stations and the majority of the programming is provided by Caracol pursuant to the TBA.

6. WSUA has operated under a time brokerage agreement since 2003.¹¹ Thus, the real question about the Application and the underlying Put Option Agreement is whether, by virtue of the Put Option Agreement, any third party, whether it be ATV, Marcel Felipe, Carlos Vasallo or America CV Station Group, Inc., has "the right to determine the basic operating

policies of [WSUA] or [the “Stations”], particularly with respect to programming, personnel, and finances?”¹² The answer to that question is demonstrably “no.”

7. Other than the TBA, WSUA has not entered into ANY agreement that allows any third-party to provide programming, make decisions regarding its personnel or manage WSUA’s finances. As stated in Ms. Bermudez’s declaration, the Stations continue to operate under the TBA and be programmed by Caracol. WSUA continues to actively monitor the programming provided by Caracol. WSUA continues to employ a general manager and at least one full-time staff employee. WSUA continues to maintain its own bank accounts and make payments on its own behalf which, subsequently, are reimbursed by Caracol, including for utility bills, lease payments, employee salaries and accounting fees.

8. There has been no change to the operations of the Stations from prior to the entrance into the Put Option Agreement and the filing of the Applications to today. It appears that Garcia, simply put, has confused the *programming* which is supplied to WSUA under the TBA, with the underlying *operations* of the Stations. There is no question, and indeed it is expected and completely within FCC rules and policies, for Caracol to supply its own programming to be rebroadcast by the Stations, subject to the ultimate control by WSUA over the carriage of, and potential pre-emption of that programming. Thus, press and media statements made by parties other than WSUA as to current and future programming to be carried on the Stations, rather than evidence of a transfer of control, are as benign as any programmer hyping its upcoming programming. A radio programmer extolling the upcoming virtues of its future programming do not, by any stretch, indicate a transfer of control over the radio station upon which the programming, by contract under the TBA, will be carried.

¹² See Paragraph 2.

OTHER ASSERTIONS BY GARCIA

9. Garcia makes other assertions regarding in the Petition which do not directly relate to WSUA's operations of the Stations. Accordingly, WSUA elects not to respond to any claim by Garcia other than as set forth herein. However, WSUA reserves the right to supplement this Response in the future should Garcia file a response to any other claims which implicates WSUA's actions or responsibilities as licensee of the Stations.

CONCLUSION

10. The Petition re-characterizes the events surrounding the entrance into the Put Option Agreement and the filing of the Application. As described above, the Stations have been under a TBA since 2003 and continue to operate under the same TBA. There is no "new entity" that has the right to direct WSUA or the Stations' basic operating procedures and, accordingly, there is no unauthorized transfer of control. Given the foregoing, the Commission should reject the Petition's request to designate the Application for hearing, as the Application and underlying transactions do not violate the Commission's long-standing policies regarding time brokerage agreements.

WHEREFORE, for the reasons above, the Petition to Deny should be dismissed without further consideration.

EXHIBIT 1

TIME BROKERAGE AGREEMENT

EXHIBIT B**WSUA STATION OPERATING AGREEMENT**

This Station Operating Agreement (the "*Agreement*"), made as of this 1st day of April, 2003, is between WSUA Broadcasting Corporation, a Delaware corporation ("*Licensee*"), licensee of radio Station WSUA(AM), Miami, Florida (the "*Station*"), pursuant to authorizations issued by the Federal Communications Commission (the "*FCC*"), Licensee's 100% owner, El Dorado Broadcasting Corporation, a Delaware corporation ("El Dorado"), and Caracol Broadcasting, Inc., a Florida corporation, or its assignee ("*Programmer*").

RECITALS

WHEREAS Licensee has available broadcasting time and is engaged in the business of radio broadcasting on the Station; and

WHEREAS Programmer desires to avail itself of the Station's broadcast time for the presentation of a programming service, including the sale of advertising time, in accordance with procedures and policies approved by the FCC.

THEREFORE, for and in consideration of the mutual covenants herein contained, the parties agree as follows:

1. SALE OF TIME

1.1. Broadcast of Programming. During the Term, as defined below, Licensee shall make available exclusively to Programmer all broadcast time on the Station, including all of the Station's analog and digital broadcasting facilities as authorized by the FCC, for the presentation of Programmer's programs (the "*Programming*"), except for: (a) downtime occasioned by routine maintenance consistent with prior practice which, to the extent practicable, shall not exceed two (2) hours each Sunday morning between the hours of 12 midnight and 6:00 a.m. and shall be scheduled upon at least forty-eight (48) hours prior notice with the agreement of Programmer, such agreement not to be unreasonably withheld; (b) up to two (2) hours per week on the Station at times, when Station has a sizeable audience, mutually-agreeable to Licensee and Programmer during which time Licensee may broadcast additional programming designed to address the concerns, needs and issues of the Station's listeners ("*Licensee's Public Service Programming*"); and (c) times when Programmer's programs are preempted by Licensee in accordance with Section 2.2.2 of this Agreement or because such Programming does not satisfy the standards of Sections 2.2.1 or 2.3.2 of this Agreement (collectively, except for the time specified in (a), (b) and (c), the "*SOA Hours*").

1.2. **Advertising and Programming Revenues.** During the Term, Programmer shall have full authority to sell, or engage a third party to sell, for its own account all commercial time on the Station, including sales in combination with other stations of its choosing, and to retain all revenues from the sale of such advertising. Programmer shall be responsible for all expenses incurred in connection with such advertising.

1.3. **Force Majeure Events.** Any failure or impairment of facilities or any delay or interruption in broadcasting the Programming not directly or indirectly the fault of Licensee or its employees or agents, or failure at any time to furnish the facilities, in whole or in part, for broadcasting, due to acts of God, *force majeure* or any other causes beyond the control of Licensee (collectively, "*Force Majeure Events*"), shall not constitute a breach of this Agreement.

1.4. **Access to Facilities.** To enable Programmer to fulfill its obligations hereunder, Licensee shall make its facilities and equipment located at 2100 Coral Way, Miami, Florida 33145 available to Programmer for its use for the production and transmission of Programming under this Agreement. Provided that such installation is not inconsistent with the terms of any applicable lease to which Licensee is a party, Programmer also shall have the right to install at the Station's premises, and to maintain throughout the term of this Agreement, at Programmer's sole expense, any additional microwave studio/transmitter relay equipment, telephone lines, transmitter remote control, monitoring devices or any other equipment which Programmer deems reasonably necessary for production or delivery of the Programming to the Station. If Programmer originates the Programming from any place other than the Main Studio, Programmer shall be responsible for delivering the Programming to the Main Studio for broadcast by Licensee on the Station.

1.5. **Payments.** In consideration for its rights hereunder, Programmer shall pay to Licensee the fees set forth in Schedule 1.5. Such fees shall be in addition to the other undertakings and obligations of Programmer hereunder. Programmer shall receive a credit against any payments otherwise due pursuant to this Agreement for the Programming delivered to the Station but not broadcast by the Station in the event that Licensee preempts more than one (1) hour per day of the Programming or in the event that there is loss or damage to the Station not attributable to the act or omission of Programmer or any Force Majeure Event that causes the Station to be off the air for more than twelve (12) consecutive hours. Such credit shall be determined by multiplying the total payment due for the month in which the Programming was delivered and not broadcast by the ratio of the amount of time for Programming not broadcast to the total time of all Programming delivered to the Station for broadcast during that month.

1.6. **Term.** The term of this Agreement (the "*Term*") shall commence on April 1, 2003 (the "*Effective Date*") and continue until the first to occur of: (a) June 30, 2013, or (b) the termination of this Agreement pursuant to Section 8; provided, however, that this Agreement shall be automatically renewed for successive ten year terms unless, no later than 90 days prior to the expiration of any then current Term, any party gives notice to the others that it desires to terminate this Agreement.

1.7. License to Use Call Sign and Trademarks. During the Term, Licensee hereby grants Programmer a non-exclusive license to use Licensee's call sign of the Station and trademarks and names (the "*Marks*") during the Programming. All goodwill arising from Programmer's use of the Marks shall accrue to the benefit of Licensee. Programmer agrees that the nature and quality of all services rendered by it in connection with the Marks shall conform to reasonable quality standards set by and under the control of Licensee. Upon notice from Licensee of any fact which in its opinion indicates that Programmer is using the Marks in a manner which does not conform with Licensee's reasonable quality standards, Programmer will immediately conform its use of the Marks to Licensee's standards. If Programmer does not conform its use of the Marks, Licensee may terminate the license granted hereby upon written notice, with reasonable time to cure, to Programmer. Programmer agrees to notify Licensee promptly in writing of any legal action commenced or threatened against it which relates to the Marks. During the Term, Licensee shall not license the Marks to, or permit their use by, any other entity or person other than by Programmer and by Licensee in the fulfillment of their respective obligations pursuant to this Agreement.

2. PROGRAMMING AND OPERATING STANDARDS

2.1. Licensee Control Over Station Operations. Licensee shall retain full authority, power, and control over the management and operations of the Station during the Term of this Agreement, including specifically control over its personnel, programming and finances. Subject to the foregoing, Programmer agrees to provide programming and related services to the Station, including: (i) the sale of advertising time on the Station; (ii) coordination of traffic and billing functions; and (iii) other administrative or operational functions as Licensee may from time to time assign to Programmer consistent with FCC rules and regulations relating to agreements of this nature.

2.2. Obligations and Rights of Licensee. Licensee shall be ultimately responsible for the control of the day-to-day operations of the Station in conformance with its FCC licenses, permits and authorizations, and for compliance with the FCC's rules and regulations, including (a) the carriage of political advertisements and programming (including, without limitation, the rights of candidates and, as appropriate, others to equal opportunities, lowest unit charge and reasonable access); (b) the broadcast and nature of public service programming; (c) the maintenance of political and public inspection files and the Station's engineering logs; (d) the ascertainment of issues of community concern; (e) the preparation of all quarterly issues/programs lists; and (f) all contacts and communications with the FCC. Licensee will maintain the Station's main studio in the manner conducted as of the date of this Agreement.

2.2.1. Licensee's Absolute Right to Reject Programming. Licensee retains the absolute right to accept or reject any Programming or advertisements which Licensee in its sole discretion deems contrary to the public interest. Licensee may refuse to broadcast any program containing matter that Licensee in good faith believes to be, or that Licensee in good

faith believes may be determined by the FCC or any court or other regulatory body with authority over Licensee or the Station to be, in violation of any right of any third party, a "personal attack" (as that term is defined by the FCC) or slanderous, malicious, indecent or obscene. Licensee may take any other actions necessary in its sole discretion for compliance with the laws of the United States, the State of Florida, the rules, regulations and policies of the FCC, and the applicable rules, regulations and policies of other federal government authorities. If, in the judgment of Licensee or the Station's General Manager, any portion of the Programming, including any advertisements contained within the Programming, presented by Programmer does not meet any of the Licensee's standards set forth in this Agreement, Licensee may unilaterally suspend, cancel or refuse to broadcast any such portion of the Programming.

2.2.2. Licensee's Right to Preempt Programming for Special Events.

Licensee reserves the right, in its sole discretion, to preempt any of the broadcasts of the Programming in order to broadcast a program deemed by Licensee to be of greater national, regional, or local interest, and to use part or all of the hours of operation of the Station for the broadcast of events of special public interest. In such cases, Licensee will use commercially reasonable efforts to give Programmer advance notice of its intention to preempt any regularly scheduled programming, and Programmer shall be entitled to a *pro rata* refund of the Monthly Fee for the hours of Programming preempted. Licensee expressly agrees that its right of preemption shall not be exercised in an arbitrary manner, for the commercial advantage of Licensee, or for economic reasons.

2.2.3. FCC Public Interest Requirements. The parties agree that Licensee may broadcast on the Station its own regular public service programming to address issues of local public importance to listeners within the area served by the Station for up to two (2) hours a week at a time to be agreed upon by Programmer and Licensee for the broadcast of Licensee's Public Service Programming, and such other public service programming at such other times as the parties may agree.

2.2.4. Maintenance of Transmission Facilities. Licensee shall maintain the Station's transmission equipment and facilities, including the antenna, transmitter and transmission line, and shall continue its accounts for the delivery of electrical power to the Station's transmitting facilities, subject to reimbursement of such utility expenses by Programmer as provided in this Agreement. If Programmer needs to obtain a studio transmitter link or similar FCC authorization to facilitate Programmer's delivery of the Programming to the Station's transmitter site from any place other than the main studio, at Programmer's expense, Licensee will cooperate reasonably with Programmer, at Programmer's expense, to file any required application for such authority. If Station suffers loss or damage of any nature to its equipment or facilities, which results in the interruption of Station broadcasting or the inability of the Station to operate with its maximum authorized facilities, the Licensee shall immediately notify the Programmer. Licensee shall undertake such repairs as are necessary to maintain full-time operation of the Station with its maximum authorized facilities as expeditiously as possible following the occurrence of any such loss or damage (but not in respect of repairs necessitated by the negligent acts or omissions of Programmer, its employees or agents) and in any event shall

use its best efforts to commence such repairs within seven (7) days from the occurrence of such loss or damage. During any period that the Station is off the air for more than twelve (12) consecutive hours, Programmer shall receive credits to which it is entitled under Section 1.5 of this Agreement. Programmer shall indemnify Licensee for any damage (normal wear and tear excepted) to any of its property caused by the negligent acts or omissions of Programmer, its employees or agents.

2.2.5. Station's Call Signs. If requested by Programmer, Licensee will cooperate with Programmer to change the call sign of the Station in the manner requested by Programmer. Programmer shall reimburse Licensee for any legal costs and governmental filing fees incurred in connection with such change. If the call sign of the Station is changed at the request of Programmer and this Agreement is subsequently terminated, or the Term of this Agreement expires, Licensee will cooperate, if requested by Programmer, to assign the call sign of the Station to another station in the manner designated by Programmer and Licensee will request, at its expense, a new call sign for the Station.

2.2.6. Studio Location. Licensee shall maintain its main studio as required under the FCC's Rules and policies.

2.2.7. Compliance with FCC Technical Rules. Licensee shall retain, on a full time or part time basis, a qualified engineer who shall be responsible for maintaining the transmission facilities of the Station. Licensee shall employ a Chief Operator, as that term is defined by the rules and regulations of the FCC, who shall be responsible for ensuring compliance by the Station with the technical, operating and reporting requirements established by the FCC, including applicable EAS rules.

2.2.8 FCC Modification Application. Licensee and El Dorado shall use their best efforts to secure FCC approval of the Station's pending power increase application (File No.BP-20020430AAI) (hereinafter "Modification Application") and shall advise and consult with Programmer in good faith (i) in connection with this matter and (ii) prior to any further modifications to the Station's physical facilities. Licensee shall have no liability or obligation to Programmer relating to such Modification Application if such application is denied.

2.3. Obligations and Rights of Programmer

2.3.1. Programming. Programmer may produce Programming at Licensee's facilities or at its own facilities or it may obtain Programming from third party sources and deliver the Programming to the Station. All rights to the Programming and to authorize its use in any manner and in any media whatsoever shall be, and remain, vested solely in Programmer.

2.3.2. Compliance with Laws and Station Policies. All Programming will conform in all material respects to all applicable rules, regulations and policies of the FCC, and all other laws or regulations applicable to the broadcast of programming by the Station. All Programming shall be prepared and presented in conformity with the Licensee's standards as prescribed in Schedule 2.3.2 hereto, which may be amended from time to time in Licensee's sole discretion.

2.3.3. Cooperation with Licensee. Programmer, on behalf of Licensee, shall furnish, within the Programming, all station identification announcements required by the FCC's rules, and shall, upon request by Licensee, provide information with respect to any of the Programming which is responsive to the public needs and interests of the area served by the Station to assist Licensee in the preparation of any required programming reports and will provide other information to enable Licensee to prepare other records, reports and logs required by the FCC or other local, state or federal governmental agencies. Programmer will maintain and deliver to Licensee, for Licensee's reference, all records and information required by the FCC to be placed in the public inspection file of the Station pertaining to the broadcast of political programming and advertisements and agrees that if it broadcasts sponsored programming addressing political issues or controversial subjects of public importance, it will comply with the provisions of Section 73.1212 of the FCC's rules.

2.3.4. Payola and Plugola. Programmer will provide Licensee in advance with all information known to Programmer regarding any money or other consideration which has been paid or accepted, or has been promised to be paid or to be accepted, for the inclusion of any matter as a part of any Programming (including commercial material) to be supplied to Licensee by Programmer for broadcast on the Station, unless the party making or accepting such payment is identified in the Programming as having paid for or furnished such consideration, or is otherwise identified in accordance with FCC requirements. Commercial matter with obvious sponsorship identification will not require disclosure beyond the sponsorship identification contained in the commercial copy. Programmer will at all times comply with the requirements of Sections 317 and 507 of the Communications Act of 1934, as amended, and the related rules and regulations of the FCC.

2.3.5. Handling of Mail. Programmer will provide Licensee with the original or a copy of any correspondence from a member of the public relating to the Programming to enable Licensee to comply with applicable FCC rules and policies, including those regarding the maintenance of the public inspection file. Licensee is not required to receive or handle mail, cables, telegraph or telephone calls in connection with the Programming unless Licensee subsequently agrees in writing to do so. Licensee will promptly forward to Programmer correspondence, payments, communications or other information and/or documents which it receives and which relate to the Programming, including without limitation, invoices, billing inquiries, checks, money orders, wire transfers, or other payments for services or advertising.

2.3.6. Use of Licensee's Facilities. When Programmer originates the Programming from any place other than the Station's main studio, Programmer will be solely

responsible for delivering the Programming to the Station's transmitter site for broadcast. If any of the studio facilities and equipment of Licensee are used by Programmer, Programmer will be solely responsible for the care and maintenance of such facilities and equipment. None of Licensee's equipment or property will be removed from the main studio or other present location of such property without the prior written permission of Licensee, which shall not be unreasonably withheld.

2.3.7. Insurance. Programmer will secure and maintain in full force and effect throughout the Term, insurance with responsible and reputable insurance companies covering such risks (including fire and other risks insured against by extended coverage, public liability insurance, insurance for claims against personal injury or death or property damage and such other insurance as may be required by law) and in such amounts and on such terms to ensure the complete and prompt replacement of any loss or damage that may be sustained by Licensee or to the studio equipment of the Station and to provide for a minimum of one million dollars (\$1,000,000.00) in broadcaster's general liability (errors and omissions) coverage with respect to the Programming. Licensee will be named as an additional insured under such insurance policies, which shall not be cancelable for failure of the Programmer to pay any premiums owing on less than thirty (30) days prior notice to, and an opportunity to cure such default by, Licensee.

3. RESPONSIBILITY FOR EMPLOYEES AND EXPENSES

3.1. Licensee's Responsibility for Employees and Expenses. Licensee will employ (a) a full-time General Manager for the Station (who may also be designated the Chief Operator), who will oversee the day-to-day operations of the Station and who shall report and be solely accountable to Licensee and (b) one (1) full-time or full-time equivalent staff employee. Licensee will be responsible for all costs for its personnel, subject to reimbursement as provided in this Agreement. Whenever at the Main Studio or otherwise on the Station's premises, all of Programmer's personnel shall be subject to the supervision and the direction of the Station's General Manager and/or the Station's Chief Operator. Licensee will be responsible for timely payment of other expenses incurred in the operation of the Station, including without limitation, all lease payments for the Station's main studio and transmitter site and all taxes and other costs incident thereto; all FCC regulatory fees; and any applicable real estate and personal property taxes, utility costs, and maintenance costs, subject to reimbursement by Programmer as provided on Schedule 1.5.

3.2. Programmer's Responsibility for Employees and Expenses. Programmer is responsible for the personnel and material for the production of the Programming, as well as for all other personnel involved in the operation of the Station other than Licensee's personnel as described in this Agreement. Programmer will employ and be responsible for the salaries, taxes, insurance and related costs for all of its personnel used in the production of the Programming and the sale of advertising within the Programming. Programmer will pay all costs associated with production and listener responses attributable to the Programming, including its own telephone costs, fees to ASCAP, BMI and SESAC, any other copyright fees (whether

directly or pursuant to Schedule 1.5), and all other costs or expenses relating to the Programming.

3.3. **No Third Party Beneficiary Rights.** No provisions of this Agreement is intended to, nor will it be deemed to create, any third party beneficiary rights of any employee or former employee (including any beneficiary or dependent thereof) of Licensee in respect of continued employment (or resumed employment) with Licensee or with Programmer or in respect of any other matter.

4. **ASSIGNMENT AND ASSUMPTION OF CERTAIN AGREEMENTS, RIGHTS AND OBLIGATIONS**

4.1. **Assumption of Obligations.** As of the Effective Date, Programmer shall assume and undertake to pay, satisfy or discharge (a) the liabilities, obligations and commitments of Licensee arising or accruing after the Effective Date under (i) all Contracts identified on Schedule 4.1 hereto, all of which shall be assigned, transferred and conveyed to Programmer, and (ii) the Station's time sales agreements for the sale or sponsorship of broadcast time on the Station for cash ("*Time Sales Agreements*"); and (b) trade payables along with other liabilities of the Station as designated by Licensee in writing.

4.2. **Limitation.** Except as set forth in Section 4.1 above and Section 5.1 below, Programmer expressly does not, and shall not, assume or be deemed to assume, under this Agreement or otherwise by reason of the transactions contemplated hereby, any liabilities, obligations or commitments of Licensee of any nature whatsoever.

5. **PRORATIONS; ACCOUNTS RECEIVABLE**

5.1. **Proration of Income and Expenses.** Except as otherwise provided herein, all income and expenses arising from the conduct of the business and operation of the Station as determined pursuant to Section 5.3 hereof shall be prorated between Programmer and Licensee as of 12:01 a.m. on the Effective Date in accordance with customary accounting procedures. Except as otherwise provided herein, such prorations shall be based upon the principle that Licensee shall be entitled to all income earned and shall be responsible for all liabilities and obligations accruing in connection with the operation of the Station until the Effective Date, and Programmer shall be entitled to all income earned and (subject to Section 4.2 above) be responsible for such liabilities and obligations accruing from and after the Effective Date. Programmer shall reimburse Licensee for all of the operating costs of the Station incurred and paid by Licensee as determined pursuant to Section 1.5 from the Effective Date during the Term of this Agreement. Trade Agreements shall be prorated to the extent provided in Section 5.2 of this Agreement.

5.2. **Barter Agreements.** Liabilities and obligations under barter agreements shall be prorated in favor of Programmer to the extent that the liability (determined in accordance

with GAAP) of the Station for air time under such agreements as of 12:01 a.m. on the Effective Date exceeds by [REDACTED] Dollars [REDACTED] the fair market value of the property to be received by Programmer with respect to the Station after 12:01 a.m. on the Effective Date under such agreements and shall be prorated in favor of Licensee to the extent that the fair market value of the property to be received by Programmer under such agreements exceeds by [REDACTED] Dollars [REDACTED] the liability (determined in accordance with GAAP) of the Station for air time under such agreements.

5.3. Payment of Proration Items. Three (3) business days prior to the Effective Date, Licensee shall deliver to Programmer a preliminary list of all items to be prorated pursuant to Sections 5.1 and 5.2, and, to the extent feasible, such prorations and adjustments shall be made as of the Effective Date. In the event Programmer and Licensee do not reach a final agreement on such prorations and adjustments on the Effective Date, Programmer shall deliver to Licensee a schedule of its proposed prorations and adjustments (which shall set forth in reasonable detail the basis for those determinations) (the "*Proration Schedule*") no later than forty-five (45) days after the Effective Date. The Proration Schedule shall be conclusive and binding upon Licensee unless Licensee provides Programmer with written notice of objection (the "*Notice of Disagreement*") within thirty (30) days after Licensee's receipt of the Proration Schedule, which notice shall state the prorations of expenses proposed by Licensee (the "*Licensee's Proration Amount*"). Programmer shall have twenty (20) days from receipt of a Notice of Disagreement to accept or reject Licensee's Proration Amount. If Programmer rejects Licensee's Proration Amount, the dispute shall be submitted within ten (10) days to Berkowitz Dick Pollack & Brant, Certified Public Accountants & Consultants LLP, 200 South Biscayne Boulevard, 6th Floor, Miami, Florida 33131 (the "*Referee*"), for resolution of the dispute, such resolution to be made within thirty (30) days after submission to the Referee and to be final, conclusive and binding on Licensee and Programmer. Programmer and Licensee agree to share equally the cost and expenses of the Referee, but each party shall bear its own legal and other expenses, if any. Payment by Programmer or Licensee, as the case may be, for the proration amounts determined pursuant to this Section 5.3 shall be due fifteen (15) days after the last to occur of (i) Licensee's acceptance of the Proration Schedule or failure to give Programmer a timely Notice of Disagreement; (ii) Programmer's acceptance of Licensee's Proration Amount or failure to reject Licensee's Proration Amount within twenty (20) days of receipt of a Notice of Disagreement; and (iii) notice to Licensee and Programmer of the resolution of the disputed amount by the Referee.

5.4. Accounts Receivable. On the Effective Date, Licensee shall deliver to Programmer a schedule of all accounts receivable for cash for services performed or provided by Licensee prior to the Effective Date (the "*Accounts Receivable*"), as of the most recent date practicable, which summary shall include a statement showing all commissions owing with respect to such receivables, if any (the "*Receivable Statement*"). On the Effective Date, Licensee will assign the Accounts Receivable to Programmer for purposes of collection only. Programmer will collect the Accounts Receivable as Licensee's agent in the same manner and with the same diligence that Programmer uses to collect its own accounts receivable for a period of ninety (90) days following the Effective Date (the "*Collection Period*"); provided, however, that Programmer

shall not be obligated to institute litigation, employ any collection agency, legal counsel or other third party, or take any other extraordinary means of collection. Neither Licensee nor its agents will make any solicitation of such Accounts Receivable for collection purposes nor will Licensee or its agents institute litigation for the collection of any Accounts Receivable during the Collection Period, except with respect to Accounts Receivable returned to Licensee for collection as set forth below. Within five (5) business days after the end of each month during the Collection Period, Programmer shall deliver to Licensee all collections received on account of the Accounts Receivable. Programmer may deduct from such collections any commissions which may be due with respect to the Accounts Receivable (as indicated on the Receivable Statement) and, if so, shall promptly notify Licensee of the deduction and remit such commissions to the appropriate person. All amounts received by Programmer from account debtors included among the Accounts Receivable shall be applied first to the Accounts Receivable. If during the Collection Period an account debtor disputes an account included among the Accounts Receivable, Licensee may request the reassignment of that account to Licensee for collection. At the conclusion of the Collection Period, any remaining uncollected Accounts Receivable shall be reassigned to Licensee for further collection actions in its discretion and thereafter Programmer shall have no further obligation with respect to the Accounts Receivable.

5.5. Interest. If either Programmer or Licensee fails to timely pay any amount within five (5) days of the due date under this Agreement, such amount shall bear interest at a fluctuating rate equal to the Prime Rate as set by Citibank, N.A. for its preferred commercial customers from the date such amount was due until the date such amount is paid.

6. INDEMNIFICATION

6.1. Indemnification. From and after the Effective Date, Licensee, El Dorado and Programmer shall indemnify, defend, protect and hold harmless the others and their respective principals, officers, directors, owners, stockholders, and affiliates (collectively, the "Indemnitees") from and against any and all losses, costs, damages, liabilities or expenses (including reasonable attorneys' fees and expenses) (collectively, "Claims") arising out of or incident to (a) any programming provided or furnished by such party for broadcast on the Station; (b) any breach by such party of any representation, warranty, covenant or other agreement contained in this Agreement; (c) the activities or negligent acts or omissions of such party, its employees or agents in fulfilling its obligations under this Agreement; or (d) a party's alteration of any programming provided by the other party for broadcast on the Station. Without limiting the foregoing, each party will indemnify, defend, protect, and hold harmless the Indemnitees from and against Claims for libel, slander, infringement of trademarks, trade names or program titles, violation of privacy rights and infringement or copyrights and other proprietary rights relating to the programming produced or furnished by it hereunder. The parties' indemnification obligations hereunder shall survive any termination or expiration of this Agreement.

6.2. Procedure for Indemnification. The procedure for indemnification shall be as follows:

6.2.1. Notice. The party seeking indemnification (the "*Claimant*") shall give notice to the party from whom indemnification is sought (the "*Indemnitor*") of any claim, whether solely between the parties or brought by a third party, specifying (a) the factual basis for the claim, and (b) the amount of the claim. If the claim relates to an action, suit or proceeding filed by a third party against Claimant, notice shall be given by Claimant within fifteen (15) days after written notice of the action, suit or proceeding was given to Claimant. In all other circumstances, notice shall be given by Claimant within thirty (30) days after Claimant becomes, or should have become, aware of the facts giving rise to the claim. Notwithstanding the foregoing, Claimant's failure to give Indemnitor timely notice shall not preclude Claimant from seeking indemnification from Indemnitor except to the extent that Claimant's failure has materially prejudiced Indemnitor's ability to defend the claim or litigation.

6.2.2. Claims Between Parties. With respect to claims between the parties, following receipt of notice from the Claimant of a claim, the Indemnitor shall have thirty (30) days to make any investigation of the claim that the Indemnitor deems necessary or desirable. For the purposes of this investigation, the Claimant agrees to make available to the Indemnitor and/or its authorized representatives the information relied upon by the Claimant to substantiate the claim. If the Claimant and the Indemnitor cannot agree as to the validity and amount of the claim within the thirty (30) day period (or any mutually agreed upon extension thereof), the Claimant may seek appropriate legal remedy.

6.2.3. Third Party Claims. With respect to any claim by a third party as to which the Claimant is entitled to indemnification hereunder, the Indemnitor shall have the right at its own expense to participate in or assume control of the defense of the claim, and the Claimant shall cooperate fully with the Indemnitor, subject to reimbursement for actual out-of-pocket expenses incurred by the Claimant as the result of a request by the Indemnitor. If the Indemnitor elects to assume control of the defense of any third-party claim, the Claimant shall have the right to participate in the defense of the claim at its own expense. If the Indemnitor does not elect to assume control or otherwise participate in the defense of any third party claim, Claimant may, but shall have no obligation to, defend or settle such claim or litigation in such manner as it deems appropriate, and in any event Indemnitor shall be bound by the results obtained by the Claimant with respect to the claim (by default or otherwise) and shall promptly reimburse Claimant for the amount of all expenses (including the amount of any judgment rendered), legal or otherwise, incurred in connection with such claim or litigation. The Indemnitor shall be subrogated to all rights of the Claimant against any third party with respect to any claim for which indemnity was paid.

6.3. Limitations. Neither Programmer, nor Licensee, nor El Dorado shall have any obligation to any other for any indemnification under this Agreement except upon compliance by the other with the provisions of this Section 6. No party will be required to

indemnify any other party under this Agreement unless written notice of a Claim was received by the party within the pertinent survival period specified in Section 6.4 of this Agreement.

6.4. Survival. The representations, warranties, covenants, indemnities and agreements contained in this Agreement, or in any certificate, document or instrument delivered pursuant to this Agreement, are and will be deemed and construed to be continuing representations, warranties, covenants, indemnities and agreements and shall survive any termination or expiration of this Agreement as follows; (i) with respect to the representations and warranties hereunder, for a period of two (2) years after any termination or expiration of this Agreement, and (ii) with respect to the covenants, indemnities, and agreements of the parties hereunder, until the same have been discharged in full. No Claim may be brought under this Agreement unless written notice describing in reasonable detail the nature and basis of such Claim is given to the Indemnitor prior to the relevant expiration date. Any investigation by or on behalf of any party hereto shall not constitute a waiver as to enforcement of any representation, warranty, covenant, indemnity, or agreement contained in this Agreement.

6.5. Damages; Specific Performance. In the event of a material breach by any party of its obligations hereunder, the non-breaching party(ies) shall be entitled to seek monetary damages against the party in breach. To the extent permitted by law, the non-breaching party shall also be entitled, in addition to a right to seek and collect monetary damages, to obtain specific performance of the terms of this Agreement, in which case the breaching party shall waive the defense that there is an adequate remedy at law.

7. EVENTS OF DEFAULT AND CURE PERIODS

7.1. Events of Default. The following shall, after the expiration of the applicable cure periods as set forth in Section 7.2, each constitute an Event of Default under this Agreement:

7.1.1. Non-Payment. Programmer's failure to make any payment when due as set forth in Schedule 1.5 of this Agreement;

7.1.2. Default in Covenants or Adverse Legal Action. If any party (a) defaults in the performance of any material covenant, condition or undertaking contained in this Agreement, (b) makes a general assignment for the benefit of creditors, or (c) files or has filed against it a petition for bankruptcy, for reorganization or an arrangement, or for the appointment of a receiver, trustee or similar creditors' representative for the property or assets of such party under any federal or state insolvency law, which, if filed against such party, has not been dismissed or discharged within sixty (60) days thereafter; or

7.1.3. Breach of Representation. Any material representation or warranty made by any party to this Agreement, or in any certificate or document furnished by any party to the other pursuant to the provisions of this Agreement, that proves to have been false or misleading in any material respect as of the time made or furnished.

7.2. **Cure Periods.** An Event of Default will not be deemed to have occurred until thirty (30) days (or, in the event of a payment default, ten (10) days) after the non-defaulting party has provided the defaulting party with written notice specifying the event or events that, if not cured, would constitute an Event of Default and specifying the actions necessary to cure the default(s) within such period; the foregoing 30-day period (but not the foregoing 10-day period) may be extended for a reasonable period of time if the defaulting party is acting in good faith to cure.

8. **TERMINATION**

8.1. **Termination Upon Default.** Upon the occurrence of an uncured Event of Default, in addition to its other rights and remedies at law or in equity, the non-defaulting party may terminate this Agreement, provided that it is not also then in material default of this Agreement.

8.2. **Termination Upon Mutual Agreement.** Upon the mutual consent of all parties, this Agreement may be terminated.

8.3. **Certain Matters Upon Termination.**

8.3.1. If this Agreement is terminated prior to the end of the Term for any reason,

(a) Programmer shall assign, transfer and convey to Licensee all of Programmer's rights in, to and under the Assumed Contracts that remain in effect on the date of such termination, as well as all times sales agreements and barter agreements existing on the date of such termination (collectively the "*Reassumed Contracts*"). Programmer shall use reasonable efforts to promptly obtain and deliver to Licensee, at Programmer's expense, any necessary consents to the assignment of the Reassumed Contracts to Licensee.

(b) Licensee shall assume from Programmer all liabilities, obligations and commitments of Programmer arising or accruing on or after the date of termination pursuant to the Reassumed Contracts, and Programmer shall be responsible only for those obligations under the Reassumed Contracts arising on or after the Effective Date and prior to the termination of this Agreement.

(c) Programmer shall return to Licensee any equipment or property of the Station used by Programmer, its employees or agents, in substantially the same condition as such equipment existed on the Effective Date, ordinary wear and tear excepted.

(d) Licensee shall have no further obligation to provide to Programmer any broadcast time or broadcast transmission facilities and Programmer shall have no further obligation to make payments to Licensee under Section 1.5 (subject to payment of all

amounts owed to Licensee as of such termination or expiration date). Upon any termination, Programmer shall be responsible for all debts and obligations of Programmer to third parties based upon the purchase of air time and the use of Licensee's facilities, including, without limitation, accounts payable, barter agreements and unaired advertisements, arising prior to the date of termination, but not for Licensee's income tax obligations or taxes levied upon Licensee's personal property. If any invoice, bill or statement rendered to Licensee after termination or any payment made by Programmer before termination relates to expenses incurred for periods before and after such termination, such expenses shall be prorated between Programmer and Licensee.

8.3.2. Upon termination, all sums owing Licensee through the effective date of termination shall be paid and no party shall have any further liability to any other under this Agreement except as provided in Section 6.

8.3.3. No expiration or termination of this Agreement shall terminate the obligation of each party to indemnify the other for claims of third parties under Section 6 of this Agreement or limit or impair any party's rights to receive payments due and owing hereunder on or before the date of such termination.

9. REPRESENTATIONS AND WARRANTIES

9.1. **Representations and Warranties of Licensee and El Dorado.** Licensee and El Dorado hereby represent and warrant that:

9.1.1. **Organization and Standing.** They are each corporations duly formed, validly existing and in good standing under the laws of the State of Delaware, and have all necessary power and authority to own, lease and operate the Station assets and to carry on the business of the Station.

9.1.4. Equipment and Facilities. Except as set forth in Schedule 9.1.4 hereto, as of the Effective Date, the equipment and facilities of the Station necessary for the proper transmission of the Programming on the Station are, and shall be, in good operating condition, reasonable wear and tear excepted, and are, and shall be, operated in all material respects in accordance with FCC authorizations and requirements.

9.1.5 Modification Application. Subject to Section 2.2.8, Licensee and El Dorado will diligently pursue FCC approval of the Modification Application and shall cooperate with Programmer as necessary to secure such approval at the earliest possible time.

9.2. Representations and Warranties of Programmer. Programmer hereby represents and warrants that:

9.2.1. Organization and Standing. Programmer is a corporation duly formed, validly existing and in good standing under the laws of the State of Florida, is in good standing and entitled to do business within the State of Florida and has all necessary power and authority to perform its obligations under this Agreement as of the date of execution and on and after the Effective Date.

Programmer has all necessary power and authority to enter into and perform this Agreement and the transactions contemplated by this Agreement, and Programmer's execution, delivery and performance of this Agreement has been duly and validly authorized by all necessary action on its part. This Agreement has been duly executed and delivered by Programmer and constitutes its valid and binding obligation enforceable against Programmer in accordance with its terms.

9.2.3. Absence of Conflicting Agreements or Required Consents. The execution, delivery and performance of this Agreement by Programmer: (a) do not and will not violate any provisions of Programmer's organizational documents; (b) do not and will not require the consent of any third party or governmental authority other than the FCC; and (c) do not and will not, either alone or with the giving of notice or the passage of time, or both, conflict with, constitute grounds for termination or acceleration of or result in a breach of the terms, conditions or provisions of, or constitute a default under any agreement, lease, instrument, license or permit to which Programmer is now subject.

9.2.4 Program Rights. Except as may be notified to Licensee from time to time in accordance with Section 11.8, Programmer will have all necessary rights to deliver to, and broadcast on, the Station, the Programming, including any necessary music performance and synchronization rights, and that the broadcast of the Programming on the Station will not infringe on any rights of any third party, including, but not limited to, copyright, patent, trademark, unfair competition, contract, property, defamation, privacy, publicity or "moral rights" (to the extent such moral rights are recognized by U.S. law).

10. CERTIFICATIONS

10.1. **Programmer's Certification.** Programmer certifies that this Agreement complies with the provisions of Sections 73.3555(a), (c) and (d) of the FCC's rules and regulations.

10.2. **Licensee's Certification.** Licensee certifies that it shall maintain the ultimate control over the Station's facilities, including but not limited to control over the finances, personnel and programming relating to its operation of the Station.

11. MISCELLANEOUS

11.1. **Entire Agreement, Amendments.** This Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all prior agreements, broadcasting commitments, or any other understandings between Programmer and Licensee with respect to such subject matter. No provision of this Agreement shall be changed or modified, nor shall this Agreement be discharged in whole or in part, except by an agreement in writing signed by the party against whom the change, modification, or discharge is claimed or sought to be enforced, nor shall any waiver of any of the conditions or provisions of this Agreement be effective and binding unless such waiver shall be in writing and signed by the party against whom the waiver is asserted, and no waiver of any provision of this Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision.

11.2. **No Waiver; Remedies Cumulative.** No failure or delay on the part of Licensee or Programmer in exercising any right or power under this Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the parties to this Agreement are cumulative and are not exclusive of any right or remedies which either may otherwise have.

11.3. **Governing Law and Forum.** The construction and performance of this Agreement shall be governed by the laws of the State of Florida without regard to its principles of conflict of law. In order to enforce the provisions hereof, each of the parties hereto: (i) submits and consents to the personal jurisdiction of any Florida state or federal court with respect to any suit, action or proceeding relating to this Agreement or any of the transactions contemplated hereby, which jurisdiction shall constitute the exclusive forum for resolving any such disputes, (ii) waives any objection that such party may now or hereafter have to the lying of venue of any such suit, action or proceeding brought in any such court, and waives any claim that any such suit, action or proceeding brought in any such court has been brought in an inconvenient forum, (iii) waives the right to object that any such court does not have personal jurisdiction over such party, and (iv) consents to the service of process in any such suit, action or proceeding upon the receipt through the United States mail of copies of such process to such party by certified mail to the addresses indicated

herein or at such other addresses of which the other parties shall have received written notice.

11.4. No Partnership or Joint Venture. This Agreement is not intended to be and shall not be construed as a partnership or joint venture agreement between the parties. Except as otherwise specifically provided in this Agreement, no party to this Agreement shall be authorized to act as agent of or otherwise represent any other party to this Agreement.

11.5. Benefit and Assignment. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns. Upon any assignment by Programmer of its rights hereunder, references to "Programmer" shall include such assignee, provided, however, that no such assignment shall relieve Programmer of any obligation hereunder. The respective Indemnitees described in Section 6.1 shall be intended beneficiaries of the indemnity undertakings of the parties in this Agreement.

11.6. Headings. The headings set forth in this Agreement are for convenience only and will not control or affect the meaning or construction of the provisions of this Agreement.

11.7. Counterparts. This Agreement may be executed in one or more counterparts, each of which will be deemed an original and all of which together will constitute one and the same instrument. Facsimile signatures shall be considered originals.

11.8. Notices. All notices hereunder shall be in writing and shall be deemed given (i) upon receipt, if personally delivered, (ii) upon electronic confirmation of delivery, if transmitted by facsimile, provided such notice is also sent by first class United States mail, and (iii) upon confirmed receipt for any notice delivered by an overnight commercial delivery service, addressed to the respective party at its address set forth below or at such other address as such party shall from time to time designate in writing to the other parties.

11.9. Severability. If any provision of this Agreement is deemed to be unenforceable in any jurisdiction, as to such jurisdiction, such provision will be construed to be ineffective to the extent of such unenforceability without invalidating the remaining provisions of this Agreement, and unenforceability in any jurisdiction will not invalidate or render unenforceable such provisions in any other jurisdiction. II. **CONTROVERSIAL ISSUES.** Any discussion of controversial issues of public importance shall be reasonably balanced with the presentation of contrasting viewpoints in the course of overall programming; no attacks on the honesty, integrity, or like personal qualities of any person or group of persons shall be made during the discussion of controversial issues of public importance; and during the course of political campaigns, programs are not to be used as a forum for editorializing about individual candidates. If such events occur, Licensee may require that responsive programming be aired.

III. **NO PLUGOLA OR PAYOLA.** The mention of any business activity or "plug" for any commercial, professional, or other related endeavor, except where contained in an actual commercial message of a sponsor, is prohibited.
