Attn: <b>Chief, Audio Division, Media Bureau</b>		

**THIRD SUPPLEMENT TO**  
**INFORMAL OBJECTION**

Magnum Communications, Inc., licensee of WMBZ (FM), West Bend, WI (“MCI”), by its undersigned counsel, hereby files its Third Supplement to its Informal Objection (“Objection”) relating to the pending application (“Application”) of Polnet Communications, Ltd. (“Polnet”) for a construction permit for modification of license of W223CN, Zion, IL, the Objection having been filed on February 17, 2023 as LMS Pleading No: 0000210971, as initially supplemented on March 3, 2023 by LMS Pleading No: 0000211803 (the “Initial Supplement”) and second supplement filed March 17, 2023 by LMS Pleading No: 0000212684 (the “Second Supplement”).

In the Initial Supplement, MCI provided the Commission with the required listener complaints and other materials and certifications required by Section 74.1204(f) of the Commission’s rules. In response to the Objection and Initial Supplement, Polnet filed an Opposition on March 10, 2023 (LMS Pleading No: 0000212380) wherein, inter alia, it referenced a concurrently filed amendment to the Application (LMS File No: 0000208896) claiming to have amended the proposed facility modification parameters to resolve all but nine (9) of the initial listener declarations contained in the Initial Supplement and requested grant of the Application having “resolve[d] the MCI Objection.” The Second Supplement addressed the 9 initial unresolved listener declarations as well as 9 additional listener declarations. In response to the Second Supplement, Polnet filed a Response to Second Supplement to Informal Objection on March 21, 2023 (LMS Pleading No: 0000212816) which purported to resolve all but four (4) of the

18 listener declarations from the Second Supplement. Attached to this Third Supplement is a further technical exhibit which includes not only the four (4) remaining listener declarants from the Second Supplement but an additional twenty (20) new listener declarations from the remaining affected area for a total of twenty-four (24) declarations, as attached hereto, which exceeds the minimum threshold required by the Commission pursuant to the applicable rules.. Accordingly, this Third Supplement should be read *in pari passu* with the Objection, Initial Supplement and Second Supplement.

**WHEREFORE**, it is requested that the Informal Objection, as supplemented by this Third Supplement, be granted, and the pending application for issuance of a construction permit to modify W223CN be denied.

Respectfully submitted,

**MAGNUM COMMUNICATIONS, INC.**

Technical Report (amended)  
In Support of a  
47 C.F.R. Section 74.1204(f)  
Showing of  
Predicted Interference  
*against*

---

W223CN.A - Zion, IL  
LMS-0000208896 (as amended 03/21/23)  
(Facility ID: 142464)  
CH223D - 92.5 MHz

---

47 C.F.R. Section 74.1204(f)  
*Dismissal of FM Translator Authorization  
due to predicted interference within the  
affected 45 dBμ Service Contour.*

---

**EXPLANATION OF STATEMENT:** This Technical Report (as amended) has been prepared to support a 47 C.F.R. Section 74.1204(f) Showing of Predicted Interference as submitted by Magnum Communications, Inc. ("Magnum"), licensee of station WMBZ(FM) - West Bend, WI. This Showing is being filed against FM Translator Application LMS-0000208896 (as amended 03/21/23) for W223CN.A - Zion, IL (Facility ID No. 142464). This Application is held by Polnet Communications, Ltd. ("Polnet"). The Application in question proposes operation on CH223D (92.5 MHz) with 0.250 kW ERP at 336.2 meters AMSL. Magnum station WMBZ(FM) - West Bend, WI (Facility ID No. 71542), operates under License BLH-19950601KA with 17.5 kW ERP at 474.0 meters AMSL on CH223B (92.5 MHz). Therefore WMBZ(FM) operates co-channel to Translator W223CN.A.

**Support:** In accordance with 47 C.F.R. Section 74.1204(f), an application for an FM Translator station will not be accepted for filing even though the proposed operation would not involve overlap of field strength contours with any other station, as set forth in paragraph (a) of this section, if a grant of the authorization will result in interference to the reception of a regularly used, off-the-air signal of any authorized broadcast station within the 45 dBu field strength contour of the desired station. In implementing 47 C.F.R. Section 74.1204(f), the Commission has established five (5) criteria necessary to demonstrate a grant of an FM Translator Construction Permit Application "will result in interference to the reception" of an existing station. As noted herein, these five (5) criteria have been documented. Therefore, the Translator Proposal in question is no longer acceptable for filing and thus subject to immediate dismissal. The necessary criteria, as previously established by the Commission, have been addressed below.

**Criteria 1 - The required minimum number of valid listener complaints as determined using Table 1 of §74.1203(a)(3) and as defined in §74.1201(k).** Affected station WMBZ(FM) serves a population of 1,467,662 within its Class B, 54 dBμ F(50:50) Service Contour. Table 1 of §74.1203(a)(3) mandates a minimum of fifteen (15) listener complaints for populations ranging from 1,000,000-1,499,999. There are twenty-four (24) valid listeners participating in this 47 C.F.R. Section 74.1204(f) Showing of Predicted Interference. Information concerning the affected station's service contour has been included in the **Exhibit 1.1** map. Each location has also been noted on the **Exhibit 1.1** map. The name and contact information of each listener also appears in the Listener Complaints as found in **Exhibit(s) 2.1 to 2.55**. A summary of each location has been provided below. *Previous listener locations tentatively resolved by the 03/21/23 amendment to Application LMS-0000208896 have been included for reference; however, these listener and listener locations have been crossed and are not included in the final counts.*

Within the **Exhibit 1.1** Listener Map, the twenty-four (24) listener declarations have been plotted. Listener areas include stationary home or other addresses and intersections of roads or highways. Locations have been identified by the physical mailing address as well as latitude and longitude coordinates expressed as Degree-Minutes-Seconds.

Pursuant to current Commission Policy regarding listener documentation , and 47 C.F.R. Section 74.1201(k), each listener statement includes (1) the complainant's full name, address, and phone number or email address; (2) a clear, concise, and accurate description of the location where the interference is alleged to occur; (3) a statement that the complainant listens to the desired station using an over-the-air signal at least twice a month, to demonstrate the complainant is a regular listener; and (4) a statement that the complainant has no legal, employment, financial, or familial affiliation or relationship with the desired station, to demonstrate the complainant is disinterested.

**Criteria 3 - A statement that the complaining station is operating within its licensed parameters.** A declaration that the affected station is operating within its licensed parameters has been included in **Exhibit 3.1**.

**Criteria 4 - A statement that the complaining station licensee has used commercially reasonable efforts to inform the relevant translator licensee of the claimed interference and attempted private resolution.** A declaration that the affected station has used commercially reasonable efforts to inform the Translator licensee of the claimed interference and attempted private resolution has been included in **Exhibit 4.2**.

**Criteria 5 - U/D data demonstrating that at each listener location the undesired to desired signal strength exceeds - 20 dB for co-channel situations, -6 dB for first-adjacent channel situations or 40 dB for second- or third-adjacent channel situations, calculated using the Commission's standard contour prediction methodology set out in 47 C.F.R. Section 73.313.** The plotted "U/D", Undesired to Desired, contour relationship between the affected station and the offending Translator has been outlined on the attached **Exhibit 1.1** map. In all cases, WMBZ(FM) reception throughout the proposed Translator's U/D calculated interference contour(s) remains subject to co-channel interference greater than 20 dB as outlined in 47 C.F.R. Section 74.1204(a).

**SUMMARY OF STATEMENT.** As a result of the documentation submitted herein, specifically the existence of twenty-four (24) valid WMBZ(FM) listeners (*or more than the minimum fifteen (15) listeners required*); a substantial number of distinct locations of predicted interference has been demonstrated. Therefore, the Commission is encouraged to immediately enforce the provisions of 47 C.F.R. Section 74.1204(f) whereby the Polnet Communications, Ltd.; FM Translator Application LMS-0000208896 is no longer deemed acceptable for filing and is therefore subject to immediate dismissal pursuant to 47 C.F.R. Section 74.1204(f).

**CERTIFICATION OF TECHNICAL CONSULTANT:** *I declare, under penalty of perjury, that the contents of this report are true and accurate to the best of my knowledge and belief. I further certify I have over twenty-three years of experience as a broadcast technical consultant before the Federal Communications Commission ("the FCC"); and am familiar with the Code of Federal Regulations Title 47 ("the Rules") as pertaining to this report and its contents herein. The underlying data utilized in this report was taken directly from FCC databases or indirectly through third party software vendors securing data directly from FCC databases. This firm cannot be held liable for errors or omissions resulting from the underlying data. The information contained herein is believed accurate to the date reported below.*

**Listener Declaration:**

I am a regular listener of WMBZ(FM) which broadcasts on 92.5 MHz in West Bend / Milwaukee, Wisconsin.

Soon an existing radio station may increase power on 92.5 MHz. I am concerned this station will interfere with my regular listening of WMBZ(FM) on 92.5 MHz.

I regularly listen to WMBZ(FM)/92.5 MHz over the air at least twice a month at my home, or over the air at least twice a month at the following addresses which I fear will be subject to future interference.

**First and Last Name \***

Bob Bottoni

**Home Street Address \***

1828 Fremont st

**Apartment, suite, etc**

**City \***

East Troy

**State/Province \***

WI

**ZIP / Postal Code \***

53120

**Country**

**Listener Declaration:**

I am a regular listener of WMBZ(FM) which broadcasts on 92.5 MHz in West Bend / Milwaukee, Wisconsin.

Soon an existing radio station may increase power on 92.5 MHz. I am concerned this station will interfere with my regular listening of WMBZ(FM) on 92.5 MHz.

I regularly listen to WMBZ(FM)/92.5 MHz over the air at least twice a month at my home, or over the air at least twice a month at the following addresses which I fear will be subject to future interference.

**First and Last Name \***

Jackie Moen

I am providing this declaration to ask the Federal Communications Commission in Washington D.C. to take action to resolve this potential interference. Other than being a regular, over the air listener, I have no legal, employment, financial, or familial affiliation or relationship with WMBZ(FM)/92.5 MHz or its parent company, Magnum Communications, Inc..

I declare under penalty of perjury that this Listener Declaration is true and correct to the best of my knowledge and belief.

I am providing this declaration to ask the Federal Communications Commission in Washington D.C. to take action to resolve this potential interference. Other than being a regular, over the air listener, I have no legal, employment, financial, or familial affiliation or relationship with WMBZ(FM)/92.5 MHz or its parent company, Magnum Communications, Inc..

I declare under penalty of perjury that this Listener Declaration is true and correct to the best of my knowledge and belief.

**Listener Declaration:**

I am a regular listener of WMBZ(FM) which broadcasts on 92.5 MHz in West Bend / Milwaukee, Wisconsin.

Soon an existing radio station may increase power on 92.5 MHz. I am concerned this station will interfere with my regular listening of WMBZ(FM) on 92.5 MHz.

I regularly listen to WMBZ(FM)/92.5 MHz over the air at least twice a month at my home, or over the air at least twice a month at the following addresses which I fear will be subject to future interference.

I am providing this declaration to ask the Federal Communications Commission in Washington D.C. to take action to resolve this potential interference. Other than being a regular, over the air listener, I have no legal, employment, financial, or familial affiliation or relationship with WMBZ(FM)/92.5 MHz or its parent company, Magnum Communications, Inc..

I declare under penalty of perjury that this Listener Declaration is true and correct to the best of my knowledge and belief.

**Listener Declaration:**

I am a regular listener of WMBZ(FM) which broadcasts on 92.5 MHz in West Bend / Milwaukee, Wisconsin.

Soon an existing radio station may increase power on 92.5 MHz. I am concerned this station will interfere with my regular listening of WMBZ(FM) on 92.5 MHz.

I regularly listen to WMBZ(FM)/92.5 MHz over the air at least twice a month at my home, or over the air at least twice a month at the following addresses which I fear will be subject to future interference.

I am providing this declaration to ask the Federal Communications Commission in Washington D.C. to take action to resolve this potential interference. Other than being a regular, over the air listener, I have no legal, employment, financial, or familial affiliation or relationship with WMBZ(FM)/92.5 MHz or its parent company, Magnum Communications, Inc..

I declare under penalty of perjury that this Listener Declaration is true and correct to the best of my knowledge and belief.

Submit 92.5 Buzz County Listener Declaration

## Exhibit 2.55 Copy of Listener Declaration(s)

Listener Declaration for: **Jeff Jones**

### Listener Declaration:

I am a regular listener of WMBZ(FM) which broadcasts on 92.5 MHz in West Bend / Milwaukee, Wisconsin.

Soon an existing radio station may increase power on 92.5 MHz. I am concerned this station will interfere with my regular listening of WMBZ(FM) on 92.5 MHz.

I regularly listen to WMBZ(FM)/92.5 MHz over the air at least twice a month at my home; or over the air at least twice a month along the following routes/locations or driving through the following road intersection:

Driving through the intersection of Highway 32 & 5th Ave (Highway 100)

☒ Yes

☐ No

Driving through the intersection of E Elm Rd & S Emerald Meadows Dr

☒ Yes

☐ No

Driving through the intersection of Highway 32 & E Garden Place

☒ Yes

Listener Declaration for: **Jeff Jones**

I am providing this declaration to ask the Federal Communications Commission in Washington D.C. to take action to resolve this potential interference. Other than being a regular, over the air listener, I have no legal, employment, financial, or familial affiliation or relationship with WMBZ(FM)/92.5 MHz or its parent company, Magnum Communications, Inc..

I declare under penalty of perjury that this Listener Declaration is true and correct to the best of my knowledge and belief.

### *Declaration of Licensed Operation*

Re: WMBZ(FM), West Bend, WI

To Whom it may concern:

Magnum Communications, Inc., licensee of FM Station WMBZ(FM), West Bend, WI (FIN 71542), pursuant to 47 C.F.R. Section 74.1204(f)(3) of the FCC's Rules, hereby declares that WMBZ(FM) is and has been operating at the authorized parameters as outlined in current license BLH-19950601KA. The licensed parameters currently in operation are as follows:

*Frequency: 92.5 MHz (CH223B)*  
*Antenna Coordinates: North Latitude: 043 deg 25 min 45.9 sec*  
*West Longitude: 088 deg 18 min 02.3 sec (NAD 83)*  
*Effective radiated power (Watts): 17.5 kW*  
*Height of radiation center above ground (Meters): 121 meters*  
*Height of radiation center above mean sea level (Meters): 474 meters*  
*Antenna Description: Harris FMH-5AE*  
*Transmitter output power: 7.3 kW*

I declare under penalty of perjury that this Declaration is true and correct to the best of my knowledge and belief.

A handwritten signature in blue ink, appearing to read "Chris Tarr", with a long horizontal flourish extending to the right.

**DECLARATION OF ANTHONY T. LEPORE**

I, Anthony T. Lepore, do hereby declare under penalty of perjury, that:

1. I am co-counsel for Magnum Communications, Inc., the Petitioner herein. I make this Declaration in connection with the Informal Objection to the W223CN Minor Modification Application.
2. On February 16, 2023, I engaged in outreach to counsel for the Applicant herein, as evidenced on the attached Exhibit "3A", in an effort to inform the Applicant of the claimed interference and attempt to privately achieve resolution/remediation of same.
3. On February 17, 2023, I left a voice mail message to same counsel requesting to discuss the content of my prior email as a further attempt to inform and attempt private resolution/remediation.
4. I have not received any response to either my email or voice mail as of the filing hereof.

Executed on this 17th day of February, 2023.

**Attachments:** Master 74-1204(f) Co-Channel Interference Complaint Map WMBZ(FM) vs W223CN (02-13-23) (2).pdf

Dear Mark;

I'm pinch hitting for John Trent, who is winging his way to Central America for a well earned vacation - his client is license of WMBZ, West Bend, WI, which is co-channel to your client Polnet's W223CN in Zion, IL.

Polnet's recent application to modify the facilities of W223CN appears to meet the threshold requirements of 74.1204(f) regarding predicted interference - In accordance with the provisions thereof, I am writing to provide you with a graphic representation of that interference in an effort to inform you of the claimed interference and attempt to resolve the matter privately in accordance with the applicable rule before pursuing action with the Commission. The large area outlined in red is significantly populated with WMBZ listeners.

Please review the attached with your client and contact me tomorrow to advise as to Polnet's position on this issue. I thank you in advance for your attention to this matter.

Anthony
