RE: Petition for Reconsideration
San Rafael High School
DKSRH (FM) San Rafael, California
File No. BLED-19800401AC, Fac ID 58923
Class D FM Educational

Dear FCC:

San Rafael High School ("SRHS") here files reconsideration concerning DKSRH (FM) San Rafael, California, seeking reinstatement of the Class D FM radio station license. On April 3, 2024 there was a request to the FCC to cancel the license of the student high school radio station, confirmed in FCC Public Notice, Broadcast Actions, April 5, 2024. SRHS has had an internal change of interest and would like the license reinstated. Similar reinstatement requests of broadcast license dismissals from the licensee via timely-filed reconsideration have been previously granted by the Commission.¹ SRHS believes it is in the public interest to retain the license for the community and student usage.

Sincerely,

Bob Marcucci, Assistant Superintendent, Business Services
