Greetings,

I write to you again as the person who requested in conjunction with IRSYA de Caguas the station WODB LP in Nov. From 2013 and who serves on the board of as secretary and legal representative.

Recently Iglesia, Refugio, Sanidad y Adoración of Caguas WODB LP whose Facility Id is 194728 submitted amendments to the License Renewal under file number 0000105627. I submitted the Petition of Deny to you again and I attest that it has been and is the whole truth (that is why I accompanied it with The Affidavit 2270 of Lic. Irializ Vélez Quiñones submitted in Rio Piedras, PR on 12/19/2019. The station has not been attended and has not served the interest of the Community of Caguas since the time it has been on the air (July 2016 at present) and now it is that Ms. Jacqueline Contés wants to make it look that everything is normal and that she is in control of the station when she knows very well that this has not been the case.

Thank you again,

Att. Miguel A. Méndez
