**CONSOLIDATED INFORMAL OBJECTION**

Tidewater Communications, LLC (“Tidewater”), by its attorney and pursuant to Section 73.3587 of the Commission’s Rules, hereby respectfully files this Consolidated Informal Objection (“Objection”) against the captioned applications (“Applications”) for renewal of licenses of low power FM (“LPFM”) stations WXRK-LP, WVAI-LP and WREN-LP (“LPFM Stations”), all licensed to serve Charlottesville, Virginia. On September 3, 2019, Tidewater filed a “Consolidated Petition to Deny” (“Petition”) against the Applications. The purpose of this Objection is to provide the Commission with additional evidence that the three remaining LPFM Stations continue to violate the law and to cite a recent case on point.

## **I. The Proceeding So Far/Authority for this Objection.**

Four of the LPFM licensees responded to the Petition.<sup>1</sup> Promise Land Communications, the licensee of WPVC-LP, by letter dated June 17, 2020, surrendered its license for cancellation and the Commission canceled the license as of July 8, 2020. As a result, that application is not included in the caption.

On January 28, 2020, the Audio Division issued to the LPFM Stations a Letter of Inquiry (“LOI”), which was triggered by Tidewater’s Petition. On February 27, 2020, the Audio Division officially bifurcated this proceeding and is separately pursuing the issues raised by Tidewater. As of this date, there has been no public notice of FCC action on the Applications, so under Section 73.3587 of the Rules, this Consolidated Informal Objection is acceptable (“Before FCC action on any application for an instrument of authorization, any person may file informal objections to the grant.”)

## **II. Evidence of Continuing Violation.**

The LPFM Stations continue to violate Section 399B of the Communications Act of 1934, as amended (the “Act”), and Section 73.503(d) of the Commission’s Rules. Attached are transcripts<sup>2</sup> of recordings of broadcasts made October 8 and 9, 2020 by the LPFM Stations on

---

<sup>1</sup> Gateway Media, licensee of WKMZ-LP, is no longer included in the caption. WKMZ-LP went silent October 11, 2019, pursuant to Special Temporary Authority (“STA”), File No. BLSTA - 20191021AAL, which expired May 5, 2020. The Commission’s letter dated November 7, 2019, which granted the STA, explicitly warned Gateway Media, pursuant to 47 U.S.C. § 312(g), that the “broadcast license of WKMZ-LP will automatically expire as a matter of law if broadcast operations do not resume by 12:01 a.m., October 12, 2020.” To Tidewater’s best knowledge, WKMZ-LP did not resume operations prior to October 12, 2020; thus the license has expired. Moreover, on October 25, 2019, Gateway withdrew its application for renewal of the license of WKMZ-LP. As of the date of this filing, the License Management System continues to reflect the status of the WKMZ-LP renewal application (File No. 0000072619) as “active.” Tidewater respectfully requests the Commission to update its records to show that the license for WKMZ-LP has been cancelled.

<sup>2</sup> Audio Recordings are being emailed to Commission staff and counsel for the remaining applicants. The recordings have been “telescoped” to provide a segment of entertainment material before and after the commercial

behalf of for-profit entities in exchange for consideration. This is the same type of prohibited conduct that is the subject of the LOI. A review of the transcripts reveals that all three LPFM Stations continue to broadcast commercial announcements that violate Section 399B of the Act, and Section 73.503(d) of the Commission's rules as interpreted by the decisions and orders of the Commission.

Section 399B of the Act and Section 73.503(d) of the Rules define an advertisement as programming material broadcast "in exchange for any remuneration" and intended to "promote any service, facility, or product" of for-profit entities. Section 399B(b)(2) of the Act forbids the broadcast of advertisements by noncommercial stations such as the LPFM Stations.<sup>3</sup> The Commission has held that noncommercial stations may broadcast donor acknowledgements, but only for identification purposes. Such donor acknowledgements may not promote the contributors' products, services, or businesses. Specifically, such announcements must not contain comparative or qualitative descriptions, price information, calls to action, or inducements to buy, sell, rent, or lease.<sup>4</sup> The announcements broadcast by the LPFM Stations clearly violate the law as they contain comparative or qualitative descriptions, calls to action, and inducements to buy. Excerpts of some of the LPFM Stations' broadcasts are set forth *infra* for illustrative purposes. Such representative transcripts of announcements include commercial announcements for the following for-profit entities with references in the parentheses to the prohibited material. Please refer to the Attachment for complete transcripts of the announcements.

---

announcements are heard. The un-telescoped recordings will be made available to the Commission staff upon request.

<sup>3</sup> See Sections 73.503(d) and 73.801 of the Commission's rules (applying 73.503(d) to LPFM stations.)

### **III. Recent Precedent on LPFM Station Broadcasting Commercial Announcements.**

In considering this Consolidated Informal Objection, the Commission should carefully review a recent case, *The Marconi Broadcasting Foundation*, DA 20-1112, released October 6, 2020 (“*Marconi Broadcasting*”), whereby the Commission adopted a Consent Decree with the

licensee of LPFM station WWRI-LP, Coventry, Rhode Island, licensed to The Marconi Broadcasting Foundation.

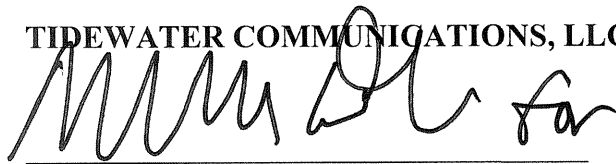

*Marconi Broadcasting* resulted in the licensee of WWRI-LP paying a \$15,000 civil penalty, and the licensee also agreed to a Compliance Plan to assure the Commission that the LPFM station is being operated in the future in compliance with the Commission's rules.

In light of the foregoing, Tidewater respectfully repeats its request that the Commission designate the surviving captioned Applications for evidentiary hearing pursuant to Section 308 of the Act, and upon its conclusion, deny or dismiss the Applications.

Respectfully submitted,

ELITE AUTO

Support for this station today is coming from Elite Auto. Hi, I'm Anthony Mayo from Elite Auto here in Charlottesville. I've loved cars since I was a kid, fixing them when they don't run, making them look new after they've been in an accident, restoring them when they get old. Here at Elite we're primarily a body shop but we have the expertise and technology in house to virtually fix any automotive issue, the first time, every time. Whether you had an accident or just hearing a strange noise, before you visit other shops or after, I invite you to bring your vehicle to Elite Auto. You can reach Elite Auto at elite auto dot net, at 434-296-2948 or you can go by and see them at 22 Rosa Terrace off Sixth Street Southeast Charlottesville. That's Elite Auto
