

**Before the Federal Communications Commission  
Washington, D.C.**

In the Matter of

W250CG

Lexington , South Carolina

Facility ID 138263

Meeting Place Church

Of Greater Columbia

Application for Minor Modification

---

**File No. 0000169610**

**INFORMAL OBJECTION**

IndieMedia LLC ("IndieMedia") asserts this informal objection to the Application for Minor Change to FM Translator station W250CG Lexington, South Carolina, by Meeting Place Church of Greater Columbia ("Meeting Place" or "Applicant").

IndieMedia is the licensee of low-power FM station WXYR-LP Columbia and has standing to assert this objection as a licensee in the Columbia, South Carolina metropolitan market.

On or about November 18, 2021, Meeting Place filed an application for minor modification to licensed FM translator station W250CG, which would relocate it miles to the northeast of its current licensed facility.

This application is defective and non grantable.

The application is defective because it does not include any of the technical exhibits that would support the modification and allow the public and interested parties to fully and completely evaluate its merits. If these technical exhibits were included, it would be obvious to the Commission that the modification is not grantable because it is fatally shortspaced to first adjacent low power FM station WXNE-LP Pontiac. The proposed city-grade contour would completely envelope the protected contours of WXNE-LP.

For that reason alone, the Commission should return Meeting Place's application for minor modification to W250CG as unacceptable and deny a grant of construction permit based on the application with prejudice and grant any and all such other relief as it deems appropriate.

Respectfully submitted,

INDIEMEDIA, LLC
