OPPOSITION TO INFORMAL OBJECTION

World Federation of Pastors and Ministers, by its attorney, hereby submits its Opposition to the Informal Objection filed by Albert David with respect to this application.

The Informal Objection complained that the population figures supplied by the Applicant in its original Application in response to the fair distribution of service question in its FCC application for a new NCE FM station were in error and not acceptable for use.

An amendment to the Application has since been filed which updates the population data in response to the fair distribution of service requirement. The information contained in the Application is now accurate. Moreover, contrary to Mr. David's claims, no "contour map" is required to be submitted.

Therefore, Mr. David's Informal Objection is now moot, and should be dismissed and denied.

WHEREFORE, it is requested that the Informal Objection be denied.

Respectfully submitted,

**WORLD FEDERATION OF PASTORS
AND MINISTERS**
